WARSHIPS TO STAY.

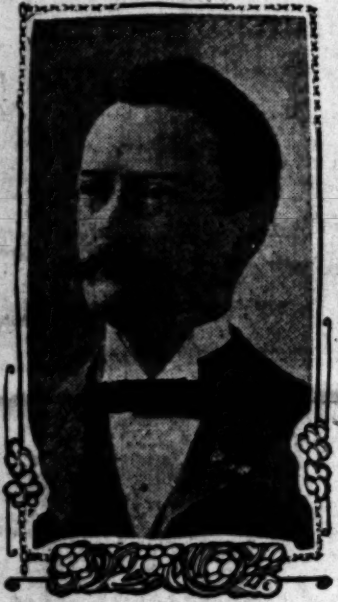

Permanent Pacific Fleet Assured.

Chairman of Navy Committee Says Coast Must Be Protected.

Favors Building Four Battleships for Western Waters.

Congressman Roberts Talks of Purpose of Cruise Around Horn.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 27.—[Exclusive Dispatch.] "We may as well make up our minds now that we must maintain a large fleet on the Pacific Coast. Our interests there are too great to allow them to remain unprotected as we have done in the past."

Ernest W. Roberts, Congressman from Seventh District of Massachusetts and member of the Committee on Naval Affairs.

House Committee on Naval Affairs, expresses the new attitude of the entire committee.
Chairman Foss and Congressman Roberts of Massachusetts, a member of his committee, came here to investigate the needs of the Brooklyn navy yard. They went to New London this afternoon from where they will go to Newport.
Asked whether the Navy Committee would make any specific recommendations to Congress concerning a permanent fleet for the Pacific Coast, Chairman Foss replied:
"It is probable that the committee will ask for four battleships to be of more than 20,000 tons, 25,000 tons if practicable. Of course what is the temper of the full membership is yet to be conjectured, but we feel that at least two great ships will be built."

THE CITY. Single handed, a masked man robs passengers on a car of the Los Angeles-Redondo Railway and in the process shoots a young man who comes to his aid. The car is stopped by a police officer and the robber is taken into custody. The victim is taken to the hospital and is expected to recover. The case is being handled by the district attorney.

BOMB FOR CORTELYOU.

Saved by Premature Explosion of Package in Post-Office.

(BY DIRECT WIRE TO THE TIMES.)
PHILADELPHIA, Aug. 27.—[Exclusive Dispatch.] At the Nicetown sub-postoffice station this afternoon a package addressed to George B. Cortelyou, Secretary of the Treasury, exploded as it was being canceled, preparatory to being sent out on the Washington train.

The package was in the form of a bulky envelope about four inches long, a quarter of an inch thick and three inches wide. It was brought in by a carrier on the Germantown-avenue route.

An inspector of the postal department admitted that such a package had been received and that it had exploded. He said he was not able to say whether the package was intended for an infernal machine or as a practical joke.

So far as could be learned, there was nothing left of the package after the explosion. Had it not been for the premature explosion of the bomb it is believed the Secretary of the Treasury or some of his assistants might have been killed.

be well spent. And the lesson will be infinitely less costly, mastered in a time of peace, than it would be under conditions of war."

EXECUTING PLANS FOR FLEET MOVEMENT.

(BY THE ASSOCIATED PRESS—A.M.)
WASHINGTON, Aug. 27.—Details of the movement of the great battleship fleet around the South American continent are being systematically developed aboard Admiral Evans's flagship Connecticut and at the Navy Department, where, by the President's orders, various bureaus now are authorized to execute plans for the fleet movement.

It is settled that the battleships, or at least a number of them, will go to Puget Sound. The number will be determined by the capacity of the Sound to accommodate them.

The battleships will carry only 120 fathoms of anchor chains. As most of the water there is more than sixty fathoms deep, and as safe practice requires that the chains be not less than three times the depth of water, only a few vessels can be accommodated near Bremerton at the same time.

EVANS'S FLEET STARTS ON PRACTICE CRUISE.

(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, Aug. 27.—At the southern drill grounds, forty miles off the Chesapeake, Admiral Evans and the fleet which sailed from Hampton Roads yesterday will remain two weeks, practicing fleet maneuvers, formations, following which will be the regular fall target practice, occupying possibly a month.

A VOTE GETTER.

TAFT MAKES HIT QUELLING PANIC.

(BY DIRECT WIRE TO THE TIMES.)
KANSAS CITY, Mo., Aug. 27.—[Exclusive Dispatch.] Secretary Taft today figured as the hero of a railroad wreck near the station at Spring Hill, Kan. When a passenger train on the St. Louis and San Francisco Railroad was derailed at an open switch and dragged a long distance over the ties, the passengers, including many women, were on the verge of a panic.

With great presence of mind, the Secretary of War passed from car to car, entirely forgetting his 200 pounds of avoirdupois, and calmed excited men and hysterical women by assuring them they were in no danger—no accident disarranges Kansas City plans.

(BY DIRECT WIRE TO THE TIMES.)
KANSAS CITY, Mo., Aug. 27.—[Exclusive Dispatch.] Secretary Taft today figured as the hero of a railroad wreck near the station at Spring Hill, Kan. When a passenger train on the St. Louis and San Francisco Railroad was derailed at an open switch and dragged a long distance over the ties, the passengers, including many women, were on the verge of a panic.

TO SETTLE CERTAIN QUESTIONS.
The decision to send the battleships through the Straits of Magellan, he said, "was made for tactical reasons alone. We all believe the Suez route is the easier and cheaper, but going by a hard route will determine some of our needs in the Pacific and settle some of the questions we have long been asking ourselves."

THE CITY. Single handed, a masked man robs passengers on a car of the Los Angeles-Redondo Railway and in the process shoots a young man who comes to his aid. The car is stopped by a police officer and the robber is taken into custody. The victim is taken to the hospital and is expected to recover. The case is being handled by the district attorney.

MISS ROOSEVELT'S HERALDED COMING-OUT PARTY IS BEING PLANNED.

Mrs. Roosevelt and Her Daughter Ethel. This photograph was made at Sagamore Hill, Oyster Bay, August 15th.

NEW YORK, Aug. 27.—[Exclusive Dispatch.] President Roosevelt and his family have arranged to return to Washington about September 10. If Oyster Bay is affected by a heat spell during the second week in September the departure of the Chief Executive and his family for the capital will be deferred for a week longer.

Mrs. Roosevelt is anxious to return to Washington as soon as possible, as she anticipates a busy social season. Ethel, her daughter, is to make her debut next winter, and Mrs. Roosevelt wants about two months' time in which to make preparations for the "coming out" of her only daughter, which is already being planned.

Mr. and Mrs. Roosevelt have discussed plans in the last few weeks for Ethel's debut, and they have definitely decided not to let the additional responsibilities imposed on her by advanced school work interfere with her desire to appear as a debutante before society patrons in Washington while her father is President.

THE ENTRANCE of her daughter into society also will compel Mrs. Roosevelt to take a more active interest in social affairs during 1907 and 1908 than she has in the past seasons, and this will make her one of the leading matrons among the elect at all the important entertainments, balls, dinners and dances held at the capital.

Theodore, Jr., will return to Harvard late in September. He is now a junior. Kermit, Archie and Quentin will resume their studies as soon as the school year opens.

ON THE BARBARY COAST.

MOORS ATTACK AGAIN BUT ARE DRIVEN OFF.

Drude's Reconnoitering Party Runs, Encounters Enemy and Retreats Firing Till Reinforcements Arrive from Camp.

(BY DIRECT WIRE TO THE TIMES.)
CASA BLANCA, Aug. 27.—[Exclusive Dispatch.] A sharp engagement between the French and the Moors took place yesterday afternoon about six miles from Gen. Drude's camp.

A reconnoitering party of mounted Algerians came in touch with a large body of the enemy who opened a heavy fire on the cavalrymen. The latter replied with effect, but retreated under instructions, with the object of attracting the attention of the French commander to the Moors' advance.

Reinforcements with artillery were promptly forwarded to the scene of the fighting with the result that the Moors were driven back into the hills. No loss on the French side was reported.

The Moors began to form for another attack when about three miles away, but a few well-directed cannon shots quickly dispersed them.

As a result of the reconnoissance made by Gen. Drude, the Arabs have been drawn off.

SPAIN TAKES STEP OF "DELICATE CHARACTER."

(BY THE ASSOCIATED PRESS—P.M.)
PARIS, Aug. 27.—Madrid dispatches say that the Spanish Cabinet has taken a step on the subject of Morocco, which is of such "delicate character" as to render it impossible to publish details.

FOREIGNERS LEAVE FEZ ESCORTED BY TROOPS.

(BY THE ASSOCIATED PRESS—P.M.)
FEZ (Morocco) Aug. 25, Sunday.—The European residents of Fez, excepting the Germans, left here yesterday for El Arash. They were escorted by troops. No difficulties are feared, as the El Arash road is reported safe.

THE SCEPTER TRANSFERRED.

NEW KOREAN EMPEROR RECEIVES HIS CROWN.

(BY THE ASSOCIATED PRESS—P.M.)
SEOUL, Aug. 27.—The coronation of the new Emperor Yiisei this morning was a simple but imposing ceremony, purely Oriental, with the exception of an incongruous effect caused by the accidental uniforms of a number of officials participating.

The ceremony opened with the appearance of His Majesty in the state hall about 10 o'clock, dressed in full Korean costume, wearing a crown with pendants and a robe of deep blue, embroidered with gold. In the midst of music by the court band and the profound obeisance of those present, congratulatory documents were presented to His Majesty. This was followed by the Premier reading another speech of

DAMAGING TO GLASS.

Attorney Pillsbury Testifies.

Chief Counsel of Telephone Company Is Closely Questioned.

Part of His Evidence Is Admittedly Bad for His Manager.

Prosecution Announces That It Expects to Close Case Today.

(BY THE ASSOCIATED PRESS—P.M.)
SAN FRANCISCO, Aug. 27.—E. S. Pillsbury, chief counsel of the Pacific Telephone Company, was the chief witness of the day in the bribery trial of Louis Glass. A portion of his testimony was admittedly very damaging to Glass.

He testified that Louis Glass had authority to consummate deals of importance without the endorsement of the Executive Committee of the board of directors; others testified that Glass was occupying the supreme office in the company at the time of the alleged bribery and from the testimony of bankers, was adduced that the name of Louis Glass was invariably seen on checks.

"In November of 1905," said Mr. Pillsbury, "I called the attention of Mr. Glass to newspaper reports that the Pacific States Telephone Company had employed or was about to employ Ruef, ostensibly as a lawyer, and I asked him what it meant. He told me it was true, that the company had engaged Ruef. I told him that if Ruef was to be a part of the legal department of the company, that would eliminate me from its further service. He said Ruef was not employed in connection with my department, and he did not think I had any just cause of complaint."

Answering a question, Pillsbury declared he did not know what salary the company had paid Ruef. There were those present in the courtroom who recalled that when he was before the grand jury some months ago, Mr. Pillsbury testified that when he discovered that Ruef was on the pay roll for \$1200 a month, more than his own salary, he became so angered that he threatened to resign, and that thereupon the company increased his pay.

MERELY BOWS TO GLASS.

Answering questions by Henry, Mr. Pillsbury declared that though, during all of the alleged bribery period, he was a member of the Executive Committee of the board of directors of the telephone corporation, he knew nothing of the bribing of supervisors until after the earthquake, when he learned of it through the newspapers; that when he, in his official capacity, Vice-President Glass about it, but Glass asserted ignorance.

"I have never spoken to Mr. Glass since he was arrested," concluded Pillsbury, "except to bow to him." He said that at no meeting of the Executive Committee attended by him was any discussion had of the opposition offered by the Home Telephone Company.

The prosecution announced that it expects to close its case tomorrow. If the defense follows the same tactics that it did at the first trial, and offers no evidence, the argument should commence Thursday and the case should go to the jury within a week.

HENNEY SHOWS WHEN BIG BRIBES WERE PAID.

(BY THE ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, Aug. 27.—Secretary-Treasurer F. W. Eaton of the Pacific Telephone and Telegraph Company was called to the stand this morning by the prosecution in the Glass bribery trial. He testified again to the drawing by him of about \$50,000 worth of checks in February of 1904, for which no vouchers were turned in. He did not know who ordered the checks drawn or who signed them. The records thereof were destroyed in the fire.

Cashier William J. Kennedy was called. He testified to the drawing of \$10,000 and \$5000 checks in February, and told of the \$1000 or \$7000, inferentially, comprising the bribe moneys returned by several supervisors on demand of Halsey, after the granting of the Home Telephone Company's franchise application, according to the claim of the prosecution.

Mr. Henney introduced memoranda from five local banks showing the withdrawal of approximately \$50,000 in February, corresponding to the total amount alleged to have been paid to the supervisors at that time.

Thomas E. Sherrin, formerly traveling auditor of the telephone company, testified to a similar \$50,000 entry in the books of the corporation, which he was auditing at the time of their destruction in the April fire.

The examination by Mr. Henney of John W. Gillyson, assistant to the general superintendent of the telephone company, developed a rough incident in the morning session. Mr. Gillyson, who formerly was manager of the San Jose district, and had general supervision of the company's Santa Barbara business, was called purely as an incidental witness to establish the fact that Louis Glass, as general manager, was in control of the operating affairs of the corporation before the alleged bribery of the supervisors. He took a long time to answer questions, and

THE CITY. Single handed, a masked man robs passengers on a car of the Los Angeles-Redondo Railway and in the process shoots a young man who comes to his aid. The car is stopped by a police officer and the robber is taken into custody. The victim is taken to the hospital and is expected to recover. The case is being handled by the district attorney.

showed no excess of willingness to testify. Finally, Heney, exasperated by the coolness and slow going of the witness, bellowed a question at him, and wound it up with a sarcastic query as to whether he understood it.

BULLYRAGGING A WITNESS.

Delmas protested. "Your honor," he said, "I submit that this witness ought not to be bullyragged."

"And I submit," Heney replied, "that he ought to be bullyragged—if this is bullyragging. It is perfectly evident to your honor that he is trying to evade the questions by dodging."

"I do not know this witness," said Delmas. "I never saw him before. But I submit that he is entitled to decent treatment at the hands of counsel and to the protection of the court when he does not get it."

"He is getting decent treatment—just the sort of treatment he needs," said Heney.

Judge Lawlor ruled:

"Counsel will control his manner in addressing the witness, and if the responses are not promptly forthcoming counsel will submit that fact to the court and the court will deal with it."

"I have tried to control my manner, your honor. But we have been here three weeks dragging out evidence that ought to have been forthcoming long ago," Heney protested.

"Now, proceed," was the court's answer.

DIRECTOR MORGAN TESTIFIES.

Percy Morgan, president of the California Wine Association, and formerly a member of the telephone company's board of directors and of its Executive Committee, testified today. He testified in support of the claim that Glass, and not the Executive Committee, authorized the bribing of the Superior Court, that at no meeting of the Executive Committee attended by him was the matter of Home Telephone Company opposition broached. Mr. Morgan was in Washington, D. C., throughout the period of the alleged bribing.

Dr. Charles Boston, the former Superior Court judge, was recalled by the prosecution, and required to repeat, and did repeat, his former testimony to the effect that Detective W. J. Burns, the right-hand man of the graft prosecutors, commanded him to deny to the public that he had made a confession and urged him to swear to a false affidavit to that purpose. "If the newspaper reporters crowded him too closely,"

Under Heney's questioning, Boston admitted that he could not be positive of the exact time and place Burns did this. It was either at Roy's house or at Radke's, he said.

"Now, wasn't this what Burns said: 'Don't tell you to tell the newspaper men that you would make such an affidavit if it became necessary,'" asked Heney.

Over the objection of Delmas that this was "putting answers into the witness's mouth," Boston answered:

"No. He urged me to make such an affidavit."

"Did you understand that he wished you to swear that you had before the grand jury?" persisted Heney.

Again Delmas objected, and again was overruled.

"No," said Boston, "as I understood it, he wanted to throw the newspapers off the scent. It is considered perfectly legitimate to deceive the newspapers, possibly to the extent of a false oath."

BANKERS IN COURT.

Godfrey L. Wakeman, paying teller of the Bank of California, Joe L. Lerman, book-keeper of the Bank of San Francisco, and Charles H. McCormick, paying teller of the First National Bank, of which Rudolph Spreckels is president, all of whom were produced by letters of the Pacific States Telephone and Telegraph Company, and the corporation which absorbed them, the Pacific Telephone and Telegraph Company, opening accounts and authorizing the honor of checks, signed as follows: By H. T. Scott, president, or E. J. Zimmer, for the president, or vice-president, and by F. W. Eaton, treasurer, or by W. J. Kennedy for the treasurer.

The object of this testimony was to show that, during this period of the alleged bribes, no checks of the telephone company could have been cashed unless signed by either Glass or Zimmer, in view of the testimony of Mr. Scott that he did not take charge as president until after the expiration of the period. But the object of this line of reasoning was somewhat impaired by the fact that some of these letters authorizing checks bore the signature of Scott, as president.

Some of the account-records cards produced by the witnesses were so charged and blanketed by the April fire as to be almost undecipherable.

NIGHT SESSION.

At the evening session in the Glass trial, the prosecution, by means of documentary evidence and Councilman Frank R. Thompson, of Oakland, endeavored to show that the Pacific States Telephone Company sought to keep the Home Telephone Company out of Oakland. Letters addressed to the Oakland Supervisors on the subject, and signed by Louis Glass, were introduced.

Mr. Delmas sprung a mild surprise by producing a voucher payable to Halsey and approved by Scott.

The receipts were also signed by Halsey and approved by Scott.

Attorney E. S. Pillsbury was called for cross-examination by Mr. Delmas, and asked regarding his failure to resign as counsel for the Pacific States Telephone Company after the engagement of Abe Ruef, as he threatened to do. Mr. Pillsbury said he thought the matter over and concluded to remain.

MAYOR SCHMITZ'S CASE IS FURTHER DELAYED.

BY THE ASSOCIATED PRESS.—A. M. SAN FRANCISCO, Aug. 27.—Former Mayor Schmitz today appeared before Judge Dunne, expecting to hear a decision on the merits of his demurrers to the indictments charging him with accepting bribes from the United Railroads and the gas company.

Judge Dunne was not ready to hand down his decision, and stated that other business was engaging his time. It may be several weeks before the ruling is made.

SUPERVISORS' APPEAL FORMALLY IS DROPPED.

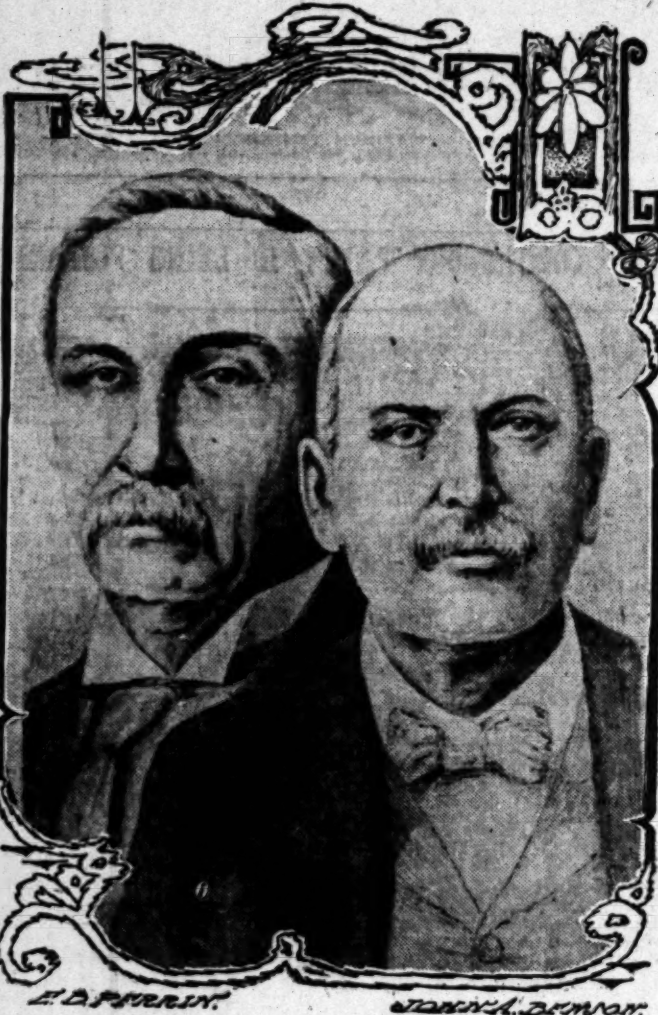

BY THE ASSOCIATED PRESS.—A. M. SAN FRANCISCO, Aug. 27.—The appeal taken by the Board of Supervisors from the old decision of Superior Judge Dunne, retaining them from molesting District Attorney Longdon in the discharge of his duties, was dropped from the calendar by the Court of Appeals this morning at the request of Attorney C. W. Cobb.

ALLEGED BRIBERS APPEAR BEFORE DUNNE.

BY THE ASSOCIATED PRESS.—A. M. SAN FRANCISCO, Aug. 27.—G. H. Umben, W. L. Brobeck and Joseph E. Green, indicted for offering bribes to Supervisors in behalf of the Parkside Realty Company, were present in Judge Dunne's court this morning when their case was called.

Asst. Dist. Atty. William Hoff Cook presented the minutes of Judge Graham's court as amended, which he asked to be made a part of the record.

AGED MEN UNDER CONVICTION FOR LAND FRAUDS.

FIGHT FOR LIBERTY.

SENTENCE OF BENSON AND PERRIN PUT OFF.

Counsel for the Latter Get More Time to Prepare Motions—Attorney for Former Argues for Arrest of Judgment.

BY DIRECT WIRE TO THE TIMES.

SAN FRANCISCO, Aug. 27.—[Exclusive Dispatch.] The sentencing of John A. Benson and E. B. Perrin on their conviction of land frauds in Tehama county was again postponed when attorneys for the Arizona Consulate appeared before Judge De Haven, in the United States District Court, and asked for a continuance until Saturday to prepare their motions in arrest of judgment and for a new trial.

J. C. Campbell, representing the defendant, Benson, argued for several hours for his client and was answered by United States Attorney Devlin.

Campbell was much exercised at the action of Perrin's counsel in delaying the case. The judge announced that he would rule finally on the matter Saturday.

Attorney Campbell began his argument for an arrest of judgment by stating that, in his opinion, the indictment on which the two men were convicted was defective in as much as it did not give his client any intimation as to what he was charged with.

He introduced the record of the trial before the motions to quash were decided.

Judge Dunne admitted the record and announced that he would make no rulings until after the Supreme Court should pass upon the motions that have been made here.

JOHN D. MUST WAIT.

His Witness Fees and Mileage for Chicago Trial Are Held Back by Deputy Marshal.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Aug. 27.—[Exclusive Dispatch.] John D. Rockefeller, president of the Standard Oil Company of New Jersey, is having his troubles.

He has been trying for more than a month to collect \$22.35 in witness fees and mileage from Uncle Sam, but he has not been able to convince the recalcitrant debtor that the \$22.35 is really due him for telling Judge Landis he did not know anything about the business of the "oil octopus."

John P. Wolf, chief deputy marshal, to whom the government debt was referred, is still holding back the \$22.45 railway fare and \$1.50 witness fees until he finds out whether the fee claimant came from Pittsfield, Mass., or from Cleveland, O.

SCIENTIST WRITES BOOK.

Prof. Todd Will Tell of Observations of Sun Rings of Saturn and Canals of Mars.

BY DIRECT WIRE TO THE TIMES.

LIMA (Peru) Aug. 27.—[Exclusive Dispatch.] Important observation of the eclipses of the sun rings of Saturn and the canals of Mars will be contained in a book under preparation by Prof. David P. Todd, of the astronomical department of the Amherst College and head of the Lowell expedition to the Andes.

TENANTS BILL TRIMMED.

Irish Measure, in an Emaculated Form, Passes British Parliament.

BY THE ASSOCIATED PRESS.—P. M. LONDON, Aug. 27.—The Irish Evicted Tenants Bill finally passed both houses of Parliament this evening in what Chief Secretary for Ireland Birrell called an emaculated form.

The principal amendments inserted by the House of Lords deprive the commissioners of their power of turning out the present holders of farms for the purpose of reinstating evicted tenants.

CORCORAN OPENING.

Townsite of Corcoran, Kings county, will be put on sale early in September. Water plans being built there. Security Land and Loan Co., owners, 307 South Spring st.

MULAI HAFIZ ON WAY TO ATTACK FRENCH.

PARIS, Aug. 27.—The correspondent at Casa Blanca of the Matin telegraphs that word has been received from the newly proclaimed Sultan, announcing that he is marching to attack the French with numerous forces and several cannon.

FAITHFUL TENANT REWARDED.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Aug. 27.—[Exclusive Dispatch.] In a neat, three-story brick building at No. 325 West Polk street, a little, motherly, gray-haired woman is the happiest citizen of Chicago. For the first time in her life she owns the roof over her head, but she is prouder by far of the fact that she has broken all records of peaceful relations between tenant and landlord.

The woman is Mrs. Anna Carroll, who is one of the beneficiaries of her landlord, Henry L. Barney, as a reward for remaining his tenant for twenty-six years. Believing that Mrs. Carroll had paid in rent the value of the house she occupied, Barney willed the building to her, and she has no more rent to pay for the faithful tenant.

FARO BANK IS HARD HIT.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Aug. 27.—[Exclusive Dispatch.] Silence broods over "the big game" conducted by John P. O'Malley in the Richmond Hotel, North Clark street—the first known instance of a change of hands in many a moon. Several reasons are given for the sudden shutdown of the palatial gambling outfit. The principal one is that a no-limit game of faro, which lasted from midnight until long after dawn, put a \$15,000 bank in the gambler's hands, and that the operators decided to wait for time to catch their breath.

SPREE ENDS IN DEATH.

BY DIRECT WIRE TO THE TIMES.

WEBSTER CITY (Iowa) Aug. 27.—[Exclusive Dispatch.] Carl Presley, a theatrical man, built a bonfire of \$2500 in bills this afternoon, through his diamond rings and shirt studs into the sewer, and then notified friends in the lobby of the Park Hotel that he was going to commit suicide. Going across the street to the park, he called on a passerby to watch his diamond rings and shirt studs into the sewer, and then notified friends in the lobby of the Park Hotel that he was going to commit suicide. Going across the street to the park, he called on a passerby to watch his diamond rings and shirt studs into the sewer, and then notified friends in the lobby of the Park Hotel that he was going to commit suicide.

WANTS HER TREASURE CHEST.

BY DIRECT WIRE TO THE TIMES.

ST. LOUIS, Aug. 27.—[Exclusive Dispatch.] Mrs. Lucinda Pervercher came here today to demand her treasure chest. The bridegroom and treasure chest. The bridegroom is Herman Pervercher. He vanished three weeks ago with a "trunk full" of money and with his uncle, Alexander Paradise. Mrs. Pervercher is not worrying much about the uncle, but she would like to find the missing bridegroom and the trunk of treasure. She says there were thousands of dollars in the trunk. She believes the husband has been murdered.

HONEYMOON ABRUPTLY ENDS.

BY DIRECT WIRE TO THE TIMES.

MEMPHIS (Tenn.) Aug. 27.—[Exclusive Dispatch.] A rice grain penetrating the ear of Mrs. Richard Southwick, a bride, abruptly ended her honeymoon at its start, and may cause total deafness. The rice was thrown while the couple were dancing the train, after the marriage ceremony. Mrs. Southwick was immediately placed under a physician's care, and her case is pronounced serious.

ELIOT PITTSMURGH.

BY DIRECT WIRE TO THE TIMES.

MONEY RAISED BEFORE CRASH.

Closing of Portland Bank Nearly Averted.

Financial Aid Found an Hour Before Failure.

Cashier Returns and Denies Directors' Charges.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.) Aug. 27.—[Exclusive Dispatch.] The irony of fate played a part in the failure of the Oregon Trust and Savings Bank here last night.

An hour before he heard of the failure of the bank, W. Cooper had raised \$100,000 by New York sale of block of securities that he took with which to save the concern.

Mr. Cooper, who had been in the city since the closing of the bank's affairs, made the negotiations useless, as Mr. Morris shipped the securities to Portland by express. They arrived safely this morning.

Cashier Morris, who arrived last night, today signed over every cent he has to pay claims against the bank. He says that, knowing the condition of the bank's affairs as he does, he is confident it will be able to pay every dollar.

Mr. Morris was in the care of a physician today. His hurried home and the strain he has been under, however, of his determination to do everything he could to straighten matters out, and he expressed himself as confident he can do it.

DEFENDS HIMSELF. "Every act of mine was authorized by the bank officers," said he today, in reply to charges of the directors that he made gross mistakes in finance without consulting them. "The officers of the bank always knew what I was doing. The directors held meetings every morning. The directors knew we had sent securities East thirty days before I left. They knew I was going to take other valuable securities East to try to raise ready cash, which the bank was short. They

Two officers of the wrecked bank.

of Renoter, the ticket sales are increasing weekly. The annual averages at this rate will be \$1,200,000. The continued increase in freight business here necessitated the building of new quarters to handle it.

COAL CARGO SWINDLE.

Over Five Hundred Tons Less Than Consignors Paid for and Several Suits Result.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Aug. 27.—The British steamer Johou, which arrived here from Moji, Japan, a few days ago, was supposed to have on board a cargo of 5200 tons of coal.

That amount was paid for, and freight charged for the full cargo. When it was weighed by the customs-house officers they found that there were actually 562 tons on the vessel, a shortage of 538 tons. As the cargo had not been touched, the consignors came to the conclusion that there was a shortage at Moji.

The result has been several suits in the United States Court to find out when the swindling took place.

TO RAISE STEAMER.

WRECKER WORKS ON ACAPULCO.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Aug. 27.—General Manager Schwin of the Pacific Mail Steamship Company today began an investigation of the cause of the sinking of the steamer Acapulco, yesterday at her dock.

He said that his preliminary examination had not resulted in fixing the blame on any one connected with the loading of the vessel. The loss to the company would amount to about \$75,000. Her cargo was valued at \$111,000, but it is impossible now to estimate how much of it can be saved.

Wrecker Whitelaw has been engaged to raise the vessel afloat by tomorrow morning.

MANY ANGELENOS WILL GO.

Corner-stone of Big Beet Sugar Factory at Corcoran Will Be Laid Next Monday.

(BY THE ASSOCIATED PRESS—A.M.)

VISALIA, Aug. 27.—The corner-stone of the new \$1,000,000 beet sugar factory at Corcoran, near this city, will be laid next Monday afternoon with appropriate ceremonies.

Preparations are being made on an elaborate scale.

About 100 capitalists and prominent business men of Los Angeles will arrive on a special train to assist in the exercises.

MINING MAN ARRESTED.

HORSE STEALING IS CHARGE.

(BY THE ASSOCIATED PRESS—P.M.)

PHOENIX (Ariz.) Aug. 27.—Deputy Sheriff Casado of Clayton, N. M., has left for home, having in custody James E. Geddes, a well-known mining man of New Mexico, charged with horse stealing.

Geddes waived extradition, saying he could easily prove he had done no wrong. As a member of the Hohrer-Geddes Mining Company of Raton, he finances a stock-selling trip. He claims the team was regularly turned over to him for that purpose, with the consent of his associates. However, some one contriving the action as turning the company property to private use has caused him trouble.

He has been employed at various times by W. C. Greene and the Copper Queen Company.

WIRE FENCE UTILIZED.

Private Telephone Line Is Being Constructed Along Railroad in Nevada.

(BY DIRECT WIRE TO THE TIMES.)

RENO (Nev.) Aug. 27.—[Exclusive Dispatch.] Henry Ritter, owner of the famous old Bowers Mansion resort, which in Comstock days was known for its unique silver door knobs and hinges, today put a force of men to work constructing a private telephone line along the Virginia & Truckee Railroad to Franktown and Carson City.

The work will consist chiefly of making connections, for over several miles of the route the barbed wire along the fences will be utilized in making the circuit.

The territory along the Virginia & Truckee Railroad has been neglected by the Pacific States company, which

TWO RESCUED FROM DEATH.

LOS ANGELES YOUTH RISKS HIS OWN LIFE.

Although Suffering from Injuries from Fall, He Leaps Into River in Yosemite Valley and Saves Young Woman and Male Companion, Both of Los Angeles, from Drowning.

(BY DIRECT WIRE TO THE TIMES.)

FRENO, Aug. 27.—[Exclusive Dispatch.] Suffering from a severe fall that he had had four days before, James Parks Jones, son of C. M. Jones of Los Angeles, risked his life last Sunday in the Yosemite Valley to save the lives of two friends who were drowning in the Merced River.

One of the rescued was Miss Bertha Pillsbury, daughter of Col. and Mrs. George E. Pillsbury of Los Angeles, and the other was Harry Messer, son of the late Lieut. W. H. Messer of Los Angeles.

Mrs. Pillsbury and her daughter, Messer and Jones formed a party of four that went to the Yosemite for an outing a few weeks ago. On Sunday they had left the hotel and had taken an outing to the junction of the Merced River with its branch, Two Forks River, and early in the afternoon, Miss Pillsbury and Messer went in bathing.

Jones, suffering from a sprained knee, which he had gotten a few days before, did not enter the water, but remained on the bank with Mrs. Pillsbury.

The young lady was caught in a whirlpool and was being rapidly carried down stream when Messer sprang in after her. He also became helpless and went down when Jones threw off his coat and jumped in.

Miss Pillsbury had gone down for the third time, when Jones caught her by the hair and managed to drag her to shore and later he saved Messer.

Jones' act of heroism created great interest among the guests in the Yosemite and there is talk of bringing the matter before the committee that has charge of awarding the Carnegie medal.

INDUSTRY FOR STOCKTON.

Oil Refinery and Asphaltum Plant Will Be Constructed in Northern City.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, Aug. 27.—[Exclusive Dispatch.] Local capitalists, headed by J. Jerome Smith and Joseph Lynch, today closed a deal for the construction of an oil refinery and asphaltum plant, to be located in Stockton.

They have been working on the projects for several weeks, and have made complete arrangements for a supply of oil to operate the plant by leasing twelve acres of fine land in the Sunset district, near Bakerfield, for fifteen years.

One well is almost completed, and seven others are being drilled as fast as possible. As this land has been proved a large oil producer, the men who have the matter in hand say they will secure all the fuel oil they require.

Other wells in this vicinity give up from 200 to 300 barrels daily. The asphaltum will be shipped to Stockton and refined.

Production will be the principal product, owing to the fact that the oil from this particular location is of 13 per cent gravity, or, in other words, carries an unusually large per cent. of asphaltum ingredients.

Quite a large number of skilled men will be employed in the plant, and all of the machinery will be the finest obtainable.

HALF MILLION INVOLVED.

United States Seeded Raisin Company Sues for Alleged Infringement of Patent.

(BY DIRECT WIRE TO THE TIMES.)

FRENO, Aug. 27.—[Exclusive Dispatch.] The United States Seeded Raisin Company, consisting of a number of the wealthiest packers of Fresno, and known locally as the raisin trust, brought suit today against six smaller firms for damages for alleged infringement of the Pettit patent for seeding raisins, the total aggregating \$500,000.

The Pettit patent has been held to date by the Raisin Seeders' Association, a group of men who have been holding it on a stiff royalty. Most of the Fresno packers pay it, but the profits go for the most to the Consolidated Packing Company, the stockholders in which are the same as in the United States Company.

STEAMER DISABLED.

Gualala from Shelter Cove Runs Into Storm and Another Vessel Tows Her to San Francisco.

SAN FRANCISCO, Aug. 27.—The steamer Gualala, which arrived today from Shelter Cove, reports that on August 25 she ran into a heavy northwest gale, with a heavy sea, which washed about thirty-five cords of bark overboard, and also washed away the mooring lines, which became entangled with her propeller and disabled her machinery.

She was picked up by the steamer Northland yesterday morning off Mendocino, and towed to this port.

TEACHER DROWNS.

Graduate of Mark Hopkins Institute of San Francisco Falls from Row Boat.

(BY THE ASSOCIATED PRESS—A.M.)

SAN JOSE, Aug. 27.—Miss Josephine Murphy, a teacher in the High School here, was drowned yesterday in Coyote Creek by the capsizing of a rowboat, in which she was seated, in company of Miss Kate Bellow, daughter of a wealthy ranchman.

Miss Bellow managed to swim ashore, but her companion sank immediately. The victim was a graduate of the Mark Hopkins Art Institute of San Francisco.

SLOPE BRIEFS.

Fire in San Francisco.

SAN FRANCISCO, Aug. 27.—The book and printing establishment of John B. McNicholl, at No. 615 Sansome street, was totally destroyed by fire last night. The firm of Baughman, Rossi & Co., Main & Winchester, adjoining on Sansome street also suffered severely, as did Greenwood,

cuts over the mountains from Virginia to Reno, but the residents of Washoe, Franktown and other towns will soon be able to use the "barb wire" to Reno and Carson.

Steamer Disabled.

SAN FRANCISCO, Aug. 27.—The steamer Columbia, on this morning received a dispatch from Grays Harbor, stating that the steamer Quinault became disabled and damaged yesterday while crossing the bar there, and had to return to port. It is expected she will again sail on Saturday for San Francisco.

Reminder of Disaster.

SAN FRANCISCO, Aug. 27.—A portion of the name plate from the bridge of the steamer Columbia, which was wrecked near Shelter Cove last month, has been found by Mrs. A. L. Gibson, at Edgemar, a village on the ocean beach about nine miles south of the Cliff House.

Death Is

LABOR.
OPERATORS
NEED HELP.

Seeking Amalgamation With
Railway Telegraphers.

Latter Said to Have Defense
Fund of a Million.

Chicago Brokers Ask Presi-
dent to End Strike.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Aug. 27.—[Exclusive Dis-
patch.] Leaders of the striking op-
erators and officials of the Order of
Railway Telegraphers in Chicago to-
day prepared a preliminary plan for
the amalgamation of the railway
telegraphers and the commercial
men's organization, looking toward a
concentrated attempt of the operators
in the country to win the present
strike. The railroad telegraphers have
already pledged their support to the
striking operators, and have promised to
subscribe toward a fund for the main-
tenance of their striking brothers, but
are said to be bound by iron-clad
contracts with the railroads to ab-
stain from actual cooperation with the
walk-out.

The amalgamation with the com-
mercial men will, however, it was ex-
plained, place the burden of the strike
on the shoulders of the railway
telegraphers, which is a powerful or-
ganization, numbering 45,000 mem-
bers, and with more than \$1,000,000 in
its defense fund. By this amalgama-
tion it was said that the Order of
Railway Telegraphers would assume
an active interest in the controversy.

APPEAL TO PRESIDENT.

Commissioners in South Wa-
ter street, a number of whom, it is
said, are losing more than \$1000 a day
each by the telegraphers' strike against
the Western Union and Postal Tele-
graph companies, today addressed an
appeal to President Roosevelt to use
his offices to effect a settlement
between the wire corporations and their
employees in Chicago.

The petition to the President was
circulated throughout the big offices of
the produce market today, and it will
probably be sent to Washington to-
morrow. Much financial distress is
said to have been caused among the
South Water street men by the con-
tinued wage controversy between the
telegraph companies and their op-
erators. President H. N. Sager and
officials of the Board of Trade pre-
pared today another request to Presi-
dent Roosevelt to intervene in the ex-
isting telegraph strike.

The President, in answer to a former
appeal of the grain brokers, made two
weeks ago, is said to have refused to
intervene in the quarrel between the
wire companies and their operators.

BROKERS LOSING HEAVILY.

Notwithstanding the operation of
leased wires between the Board of
Trade and eastern connections, the
brokers dealing in wheat and cereals
are known to be suffering great daily
losses.

Large business and commercial in-
terests in Chicago, irrespective of the
Board of Trade and South Water street
merchants, also prepared an immense
petition to President Roosevelt today.
The Executive is said to help toward
a settlement of the strike, which the
business men declare is ruining their
prospects.

It was said by men prominent in the
circulation of the protest that many
of the large State street houses, as
well as wholesale concerns, would
voice the call for intervention. Hun-
dreds of names are expected to be af-
fixed to the petition by tomorrow.

STRIKING OPERATORS
LOOK TO CONGRESS.

(BY THE ASSOCIATED PRESS—A.M.)
NEW YORK, Aug. 27.—Prospect of
a mutually satisfactory settlement of
the telegraphers' strike are no more
promising than a week ago. The strike
leaders say they have accepted the com-
panies' statements as final and are
prepared to prolong the strike until
business interests force Congress to
act in the matter.

DALLAS STRIKERS BEAT
INOFFENSIVE CITIZEN.

(BY THE ASSOCIATED PRESS—A.M.)
DALLAS (Tex.), Aug. 27.—Telegraph-
ers sympathizers severely beat an
inoffensive citizen last night, having
mistaken him for a strike-breaker. No
arrests have yet been made.

UNIONITE METHODS.

BOYCOTT CASE
IS ON TRIAL.

SALOON-KEEPER ASKS RELIEF
FROM PICKETING.

Testifies That His Place of Busi-
ness Was Declared 'Unfair' Be-
cause Former Employees Had Been
Seen Riding on Street Car During
Strike.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, Aug. 27.—[Exclu-
sive Dispatch.] O. A. Twitmore,
Richard Cornelius and other labor
leaders were present in Judge Sturte-
vant's courtroom today during the
hearing of the injunction suit brought
by James H. Aver, proprietor of the
Charleston saloon, to restrain the Car-
men's Union, the Building Trades
Council and the Labor Council from
interfering with his business by pick-
eting it and declaring it unfair.

At nearly every important question
put the witnesses for Aver there were
objections raised by counsel for the
defense, most of which were overruled,
although some were sustained.

Aver described his experiences since
July 12, when John D. Wines, James
Gallagher and another man, alleged
to be representatives of the general
strike committee, called on him and
told him that his bartender had been
seen riding on a street car.

Agree to Propositions Regarding
Overtime and Discharging of Em-
ployees for Cause.

(BY THE ASSOCIATED PRESS—A.M.)
DENVER, Aug. 27.—At today's ses-
sion of the joint conference of rep-
resentatives of the twelve principal
western railroads, an agreement be-
tween the roads and their yardmen
was practically decided upon.

A 2-cent-an-hour advance in the
wages of the yardmen will be con-
ceded by the railroads, providing that
the railroad unions agree to certain con-
ditions regarding overtime and the right
of the roads to employ and discharge
men for what they consider to be good
cause, irrespective of the opinion of the
union officials.

The railroad representatives also de-
manded that the concessions shall not be
used as a club to institute strikes for
further concessions to the members
of the telegraphers, conductors and
engineers' unions.

Grand Master P. H. Morrissey of the
Brotherhood of Railway Trainmen, to
whom the employers have practically
delegated the power to decide as to his
judgment, dictating, said today he felt
quite sure that an amicable arrange-
ment would be arrived at before the
week was over.

NEW STREET CAR STRIKE.

LOUISVILLE (Ky.), Aug. 27.—Louis-
ville employees of the Louisville Street
Railway voted unanimously tonight to
strike. The men allege the company
has discriminated in favor of non-union
men. After a strike lasting ten
days six months ago, the men received
an increase in wages.

WARM CAMPAIGN.

IRISHMEN FIGHT
OVER POLITICS.

Successor in Parliament of Justin
McCarthy and Forty Other Persons
Are Arrested and Committed for
Trial on Charge of Participating in
Unlawful Assembly.

(BY THE ASSOCIATED PRESS—A.M.)
LONGFORD (Ireland), Aug. 27.—
James F. Farrell, proprietor of the
Longford Leader, a Nationalist, and
successor in Parliament of Justin Mc-
Carthy, was, with forty others, arrested
today and brought before a special-
ly-convened court for participation in
unlawful assembly likely to cause a
riot.

Farrell had been holding meetings
throughout his constituency, at which
there were exciting scenes between
Nationalists and members of the Sinn
Fein Society. Large forces of police
are en route here.

All the prisoners were committed for
trial, but being allowed.

MORE POLICE ORDERED.

DUBLIN, Aug. 27.—The official Ga-
zette contains a proclamation by the
Lord Lieutenant, declaring certain
county districts in a state of distur-
bance, and ordering extra police forces
thereto.

REFORM IN RUSSIA.

IS ABOLISHED

UNEXPECTED DEPARTURE IS
MADE BY RUSSIA.

Announcement Made That in Fu-
ture People Arriving at Libau Will
Not Be Compelled to Carry Official
Letters from Another Government.
No Religious Discriminations.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Aug. 27.—[Exclusive
Dispatch.] After having for centuries
been the most strict of all countries
regarding the use of passports by
tourists and persons who returned to
visit their native land, word was re-
ceived in this city today that in future
no passport at all will be needed by
any one arriving at Libau, Russia.

Hereafter any one, without hindrance
by the police, army or other officials,
may tour the country, visit places of
interest and remain as long as wished
without having to carry official let-
ters from another government.

Word of the unexpected change of
the law of the Czar's empire was re-
ceived by Max Strauss, general man-
ager of the office of A. E. Johnson &
Co., New York, agents for the Rus-
sian East Asiatic Steamship Company,
from the home office at Libau.

RAILROAD RECORD.
BIG INCREASE
IN EARNINGS.

Harriman Pacific Roads Are
Making Money.

Heaviest Business in Their
History Expected.

Union Pacific Earns About
Twenty Per Cent.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Aug. 27.—[Exclusive
Dispatch.] The earnings of the Har-
riman Pacific have made new high
records thus far in the current fiscal
year.

Private advices from E. H. Harri-
man state that in the next few months
the Union Pacific and the Southern
Pacific will do the heaviest business in
their history. Beyond the first of the
year it is not so easy to see, but a
careful survey of the traffic situation
in the West indicates that there is
enough business in sight in the next
four months to bring the earnings of
the two lines away ahead of the record
made in the first six months of the
part of the fiscal year—that is from
June 1 to December 1, 1929.

From a rough estimate of the traffic
situation it is evident that the Union
Pacific in the first six months of the
current fiscal year—that is between
June 1 and December 31—will earn
about 10 1/2 per cent. on its common
stock, or enough to pay a full year's
dividend. It is now earning at the
rate of about 20 per cent. per annum.
While there is fair assurance that
this will be maintained, it is not
certain that it will be, of course, be-
cause of the uncertainty of the future.
To attempt to look beyond that. Of
this 10 1/2 per cent. of prospective earn-
ings for the first half of the fiscal
year about 4 per cent. is produced
from investments and about 6 1/2 per
cent. from transportation business
proper.

While it is not so easy to form an
estimate of the Southern Pacific's
stock earnings for the current six
months, they may be approximated.
Gross receipts show a big increase, but
what the net will show is more uncer-
tain. But the probabilities are that
the Southern Pacific will earn a divi-
dend surplus in the first six months of
the year of about 7 per cent., or more
than sufficient to pay the full year's
dividend on its common stock.

PLANT FEARS TRAP.

Controller Southern Railway Appeals
to Master-in-Chancery Against
Counsel's Questions.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 27.—[Exclu-
sive Dispatch.] Charging an attempt
to trap him by former Congress-
man Woodward, acting as counsel for the
State of North Carolina, Controller
Plant of the Southern Railway today
asked the protection of the Master-in-
Chancery, before whom the rate hear-
ing is being held, and refused to an-
swer the questions of the cross-exam-
ining lawyer.

Most of the afternoon session was
taken up with questions by counsel.
Mr. Plant concerning the reports made
by him to the North Carolina Corpora-
tion Commission of the operations of
the Southern Railway in that State.
Mr. Woodward pressed his questions
so strongly that Mr. Plant said he felt
called upon to ask the Master-in-Chancery
for protection. Mr. Plant asserted
that Mr. Woodward asked him ques-
tions of a nature calculated to draw
erroneous conclusions, which he
said he did not propose to answer.

HARRIMAN FILES DEMURRER.

Asks That Suit Against Him in Por-
tland Nehalem and Tillamook Cases
Be Dismissed.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Aug. 27.—[Exclusive
Dispatch.] Edward H. Harriman de-
murs to the suit brought against him
and twenty-seven others in the mat-
ter of the Portland, Nehalem and
Tillamook Railway Company of Ore-
gon. His plea was entered with the
clerk of the United States Circuit
Court today.

The complaint was filed on June 20
by Henry Melville Walker of New
Jersey.

Mr. Harriman prays that the suit
against him be dismissed on the
ground that all of the defendants,
other than himself, are citizens either
of Oregon or California.

Walker declares that he was com-
missioned to organize the railroad,
and Debutante Company to float \$2-
400,000 worth of the bonds at 85, for
which he was to receive \$400 shares, 15
per cent. of the proceeds and \$35,000
in cash. Then, he alleges, he found
that the company had been disposed of
to Edward F. Lyttle, as an agent for
E. H. Harriman, by some sort of con-
spiracy. He says the road was not
completed because it would have been
in competition with the Harriman
lines. He asks \$500,000 damages.

TO LIMIT JAP IMMIGRATION.

Domestic Government May Reduce
Number That May Enter Annually
from Honolulu.

(BY THE ASSOCIATED PRESS—A.M.)
OTTAWA (Ont.) Aug. 27.—The Do-
minion government is negotiating with
Japan to restrict the number of Jap-
anese immigrants coming into Canada.
The existing arrangement provides
for the yearly admission of five or six
hundred from Japan, but this number
is multiplied many times by arrivals
from Honolulu.

It is proposed to limit the number to
500 from any port.

PERISH IN BLAZE.

Fire in Oklahoma City, Thought to
Have Been Incendiary, Results in
Four Deaths.

(BY THE ASSOCIATED PRESS—A.M.)
OKLAHOMA CITY (O. T.) Aug. 27.—
Searching for an exit while hemmed in
on all sides by fire, Walter and Sadie
Ward, Lillian Raye and Virgie Wal-
lace were burned to death today by a
fire in a building on East Grand
avenue.

The fire is believed to have been of
incendiary origin.

ROYAL BETROTHAL SUSPECTED.

ROME, Aug. 27.—It is reported in
court circles that the engagement of

REACTION DUE, IS PREDICTION.
Frank J. Gould Says No Fear Now of Panic.

Favors Japanese War to Keep President Busy.

Blames Railroads for All the Trouble.

(BY DIRECT WIRE TO THE TIMES.)
PARIS, Aug. 27.—[Exclusive Dispatch.] "I fooled myself with the idea that I knew something about the stock market and financial securities in America until a few weeks ago. Now I have changed my mind. I guess I am an amateur," said Frank J. Gould today at the beginning of a long conversation with a Times correspondent.
Mr. Gould has the family trait of saying little and listening a whole lot. One generally needs something more than a "pull" to get out of him, but today I found him quite willing to express his views on certain aspects of the general financial situation in America.
"Do you think the financial trouble in America is due to overcapitalization of industries, or to watering of stocks?" I asked.
"Look here," he replied, "the Gould family are not speculators; we are investors. We don't care what the stocks happen to control so long as we know they have value. They may pay dividends or may not, but if they are worth it makes no difference. I am a realist. I am a gold dollar man. I am always a gold dollar man, whether it is for 50 cents or 100 cents. It is always worth a dollar. That's the way we look at our holdings. As to overcapitalization, I know it has been done in several cases, but I do not think that is the principal cause of the present excitement in Wall Street."
LOOKS FOR REACTION.
"The President started a small snowball rolling down the mountainside, and it is now so big it is doing damage and engulfing people. The President is, I think, doing his best to try to stop it, but he can no more stop it than he can stop the tide. The onus is too big for any one man to control. Had it not been, all this trouble would have been stopped long ago. No man, no combination of men, can control the financial situation in America today. Only the public can do that."
Investors need not fear a panic or loss of their savings, however, the reaction is nearly at hand. If we could only have war with Japan right now it would not be such a bad thing as it seems on its face."
"How so?" I asked.
"Well, for one thing, it would take President Roosevelt's attention away from Wall Street and direct it in a new line. He is one of those persons who must be busy. He is not a speculator. He is a realist. He is a gold dollar man. He is always a gold dollar man, whether it is for 50 cents or 100 cents. It is always worth a dollar. That's the way we look at our holdings. As to overcapitalization, I know it has been done in several cases, but I do not think that is the principal cause of the present excitement in Wall Street."
LOOKS FOR REACTION.

PEACE ASSURED TO REPUBLICS.
FIVE CENTRAL AMERICAN GOVERNMENTS AGREE.
Joint Mediation by United States and Mexico Results in Arrangement by Which Disputes in Future Will Be Settled Without Resort to Arms.

(BY DIRECT WIRE TO THE TIMES.)
CITY OF MEXICO, Aug. 27.—[Exclusive Dispatch.] As the result of joint mediation by the United States and Mexico, peace among the five Central American republics is assured. Formal statements giving details of the arrangement will be issued in a few days.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 27.—[Exclusive Dispatch.] Announcement that peace is assured in Central America was great satisfaction to the State Department officials. Acting Secretary Adair, however, pointed out that the influence of the governments of the United States and Mexico was confined to friendly mediation.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 27.—[Exclusive Dispatch.] The shipping Federation has decided to refuse all propositions from the striking dockers. Their federation has voted \$250,000 with which to resist the demands of the men and to import foreign laborers.

TO SEE PRESIDENT.
ROOT TO MAKE FLYING TRIP.

SECRETARY IS EXPECTED TO GO TO OYSTER BAY SATURDAY.

Billy Muldoon Grants His Distinguished Patient Short Leave of Absence in Order That He May Visit Summer Capital and Confer With Mr. Roosevelt.
(BY DIRECT WIRE TO THE TIMES.)
WHITE PLAINS, Aug. 27.—[Exclusive Dispatch.] Saturday, it reports are said, Secretary Root, who is rapidly regaining his health at Billy Muldoon's gymnasium, will take a flying trip in his automobile to Larchmont, where President Roosevelt's yacht will be waiting to convey him across Long Island Sound to Oyster Bay. It is not known whether the business that takes the Secretary of State to the summer capital is of an urgent nature. Muldoon has extended the Secretary only a short leave of absence.

SHIPPERS STAND FIRM.
Federation at Amsterdam Decides to Refuse All Propositions of Striking Dockers.
(BY DIRECT WIRE TO THE TIMES.)
ANTWERP, Aug. 27.—[Exclusive Dispatch.] The Shipping Federation has decided to refuse all propositions from the striking dockers. Their federation has voted \$250,000 with which to resist the demands of the men and to import foreign laborers.

(BY DIRECT WIRE TO THE TIMES.)
CITY OF MEXICO, Aug. 27.—[Exclusive Dispatch.] As the result of joint mediation by the United States and Mexico, peace among the five Central American republics is assured. Formal statements giving details of the arrangement will be issued in a few days.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 27.—[Exclusive Dispatch.] Announcement that peace is assured in Central America was great satisfaction to the State Department officials. Acting Secretary Adair, however, pointed out that the influence of the governments of the United States and Mexico was confined to friendly mediation.

POPE STOPS PILGRIMAGES.
Decisive Action Taken by Pontiff Owing to Anti-Clerical Outrages in Rome.

(BY DIRECT WIRE TO THE TIMES.)
ROME, Aug. 27.—[Exclusive Dispatch.] The Pope has countermanded the Galilee pilgrimages during October, and he is determined to stop other pilgrimages throughout the year and next unless the safety of clergymen and pilgrims is guaranteed by the police. The hotel-keepers and tradesmen fear a disastrous season and are complaining. The police have now been instructed to deal severely with the assailants of priests.

THE DESERTED VILLAGE.
MINING CAMP IS DESOLATE
ANGELS PRACTICALLY KILLED BY MINERS' STRIKE.

Men Refuse to Work at Old Wages and Hours and Go to Other Towns, but Leave Behind Sufficient Number to Cause Trouble if Non-Unionists Are Employed.
(BY DIRECT WIRE TO THE TIMES.)
STOCKTON, Aug. 27.—[Exclusive Dispatch.] Alexander Chalmers, superintendent of the Lightner mine, located near Angels' Camp, who is in Stockton on business, stated that the famous old mining camp is practically deserted and the people are leaving every day.

(BY DIRECT WIRE TO THE TIMES.)
STOCKTON, Aug. 27.—[Exclusive Dispatch.] The shipping Federation has decided to refuse all propositions from the striking dockers. Their federation has voted \$250,000 with which to resist the demands of the men and to import foreign laborers.

Established, 1808.
323 So. Spring St.

2 DAYS MORE

Two days after today we will begin moving to our new location, 430 S. Broadway. Workmen are already busy tearing up and getting ready to move.

THIS MORNING WE WILL OFFER an extra fine assortment of our \$2.50 tailor made waists at the ridiculously low price of \$1. Also an extra good assortment of \$4.50, \$5 and \$6.50 lingerie waists at \$2.50 each.

The assortment of \$2.50 tailor made and lingerie waists at \$2.00 each or 3 for \$5.00 is still very complete.

TO RELIEVE THE MILWAUKEE.
WASHINGTON, Aug. 27.—The gunboat Albany has sailed for Acapulco to relieve the Milwaukee of the task of watching American interests in Central America. The Milwaukee has been there six months and the crew needs a change.

OBITUARY.
Mrs. Helen Partridge.
STAMFORD (Conn.) Aug. 27.—Mrs. Helen Partridge, mother of the Bishop of the Episcopal Diocese of Kyoto, Japan, and of William Andrew Partridge, New York sculptor, died in a sanatorium Sunday. Both her sons were present.

Mrs. Helen Partridge.
SPRINGFIELD (Mo.) Aug. 27.—Mrs. Mary J. Boughman, who was born in Dayton, O., died yesterday, aged 108 years.

Great Values in KEISER NECKWEAR
A large assortment of ladies' fine hand embroidered collar and cuffs—the famous "Keiser" make—now on sale at 1-3rd the regular prices.

NO PERMANENT business is built in a day. It is steady, fair dealing—unfailing courtesy—year after year of honest values.

These things build business—to stay built. At least, that has been "The Owl's" experience.

THE CITY IN BRIEF

BREVITIES.

Constable for San Gabriel.
Benjamin F. Parker was yesterday appointed constable to fill the vacancy in this office in San Gabriel township. Named as County's Delegate.

A camp fire and "smoker" will be given by the members of Bartlett-Los Angeles Post, Grand Army of the Republic, next Saturday evening, at 8 o'clock at No. 517 South Broadway. All veterans and sons of veterans are invited to attend.

County's Tax Rate.
The county's tax rate for the ensuing year is to be fixed on the second Monday in September. Tax Collector Welch hopes to receive the figures in time to make out and mail to each taxpayer who has filed a statement with the County Assessor a notice of the exact amount of his tax.

Whittier's New Justice.
N. D. Ellis of Whittier was appointed Justice of the Peace for Los Nietos township yesterday. This appointment is made to fill the vacancy caused by the resignation of Alfred Simon. A petition was also presented asking for the appointment of J. S. Todd, a business man of Whittier. Ellis received the unanimous vote of the Board of Supervisors.

Bridge for "the Wash."
The Board of Supervisors yesterday came to an agreement with the people of Covina over the proposed bridge across "the Wash" one mile east of that town. The county is to pay \$1000 on the cost of the new bridge, and the community is to raise the balance which will range between \$500 and \$900. The County Engineer is to prepare plans at once for the structure.

County Printing.
The contract for the county printing for the ensuing year was awarded to the Daily Journal yesterday, at the rate of 16 cents an inch for each insertion. There were two other bids, one from The Times for 14 cents an inch for each insertion, and one from the Herald for 20 cents an inch. Without discussion the board voted to award the contract to the Journal.

Plantation Meeting Tonight.
An old-fashioned plantation jubilee gospel meeting will be held in Union Rescue Mission, No. 145 North Main street, tonight. It will be conducted by Dr. J. L. Griffin, the cyclonic colored evangelist, with the double voice. He will preach the gospel and sing plantation melodies, and you'll have to go early to get a seat. Everything is free.

NEWS AND BUSINESS.

Ladies—You never have to pay more than \$2 for the best shoes made, and the men need never pay over \$2.50. I sell \$2.50 to \$5 sample shoes at these prices. I can fit all feet. I am located on the second floor of 414 S. Broadway. Visit my store and be convinced. Sample Shoe Man Stark.

J. W. Frey has moved his stock of mantels, grates, tiles and mirrors to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States.

"After the Honey-moon's Over," the tune the boys are whistling—We will mail you a copy to try, if you live outside the city of Los Angeles. Send your name and address to Popular Music Company, No. 143 South Broadway, Los Angeles, Calif.

Uncle Sam Post, G.A.R., and Woman's Relief Corps will rally at their annual picnic at Echo Park, Thursday, the 29th. All veterans and their families are cordially invited. Coffee and such coffee! At 12 sharp.

But a few more days of the Stationery Sale at The Print Shop. A rare chance to select the very latest stationery made—and effect a considerable saving. Do it today. 313 South Broadway.

Have an expert fix your shoes. Cummings' shoemakers, Fourth and Broadway, are the best in town; early prices, too.

Damon, Piano tuner, 23, 249 Spring. Furs, D. Bonoff, furrier, 212 S. W. way. Horses pastured, fed, \$5.00. Ex. 467.

NAVAL MEN INTERESTED.

German Expert Brings New Telegraphic Device for Exploding Submarine Mines.
[BY DIRECT WIRE TO THE TIMES.]
WASHINGTON, Aug. 27.—[Exclusive Dispatch.] Secrecy is maintained at the Bureau of Ordnance, Navy Department, regarding the new telegraphic device for exploding submarine mines, which Harry Stentfeden, a German submarine expert, today submitted to the government for its consideration.

Mr. Stentfeden, who arrived in New York on the Touraine Monday, came direct to Washington to arrange for a series of tests which are to be made at Newport in the near future.

He has come here at the request of prominent naval officers, who are convinced that his invention has considerable merit and should be carefully examined by ordnance experts.

PROSECUTOR IS INDICTED.

County Attorney Powell of Sherman, Texas, Going Home from Colorado to Answer Charges.

[BY DIRECT WIRE TO THE TIMES.]
SHERMAN (Tex.) Aug. 27.—[Exclusive Dispatch.] There is keen interest in this city over the action of the Grayson county grand jury in finding an indictment against County Attorney Powell. It is alleged that the County Attorney has failed to prosecute certain parties who should have been prosecuted.

Powell is coming home from Colorado to be tried. It is expected that the case will come up Saturday, August 21. The grand jurors, on being questioned about giving publicity to their action, stated that they had acted on the advice of a prominent attorney.

PALMIST CAUSES INSANITY.

Woman Told She Would Be Struck by Lightning, Loses Her Mind During Thunderstorm.

[BY DIRECT WIRE TO THE TIMES.]
DES MOINES (Iowa) Aug. 27.—[Exclusive Dispatch.] Curious to learn her future, Mrs. Elizabeth Copperthwaite, a well-known Des Moines society woman, visited a palmist and was informed that with a short time she would be struck by lightning. Today Mrs. Copperthwaite was taken to an asylum, a raving maniac, crazed by the belief that her home was filled with electric currents. In a thunderstorm yesterday it required the combined strength of four members of her family to hold her.

SENDS LEPROUS TO JAPAN.

HONOLULU, Aug. 27.—Local Japanese offer to send the Japanese leprosy to Molokai to Japan because the Tokyo government is now segregating its leprosy.

ZOOLOGY MEN REACH GOTHAM.

WARMLY WELCOMED BY BUGS, BIRDS AND BEASTS.

Delegates to International Congress and Whose Names Sound Like an Incurable Disease, Are Entertained by Columbia University Professors.

[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, Aug. 27.—[Exclusive Dispatch.] Ladies and gentlemen from sixteen countries who are recognized as experts in the study of the past, present and future performances of bugs, birds and beasts, arrived here shortly before daybreak.

Welcomed at the Battery by a Reception Committee from the Aquarium, it was an ovation all along the line. Truck horses neighed pleasantly, sparrows twittered twittingly and gaily caparisoned caterpillars stood up and saluted as the learned cavalcade moved up to Columbia University, where elaborate arrangements had been made for their reception.

Inquisitive New Yorkers who took the trouble to inquire found that the distinguished visitors were the delegates to the Seventh International Congress of Zoology, which met in Boston last week.

In the absence of Prof. Nicholas Murray Butler, who is in Europe, the visitors were welcomed at the university by Prof. E. S. Wilson, head of the university's zoological department.

England, France, Germany, Holland, Belgium, Austria, Hungary, Switzerland, Russia, Italy, Norway, Asia, Africa, Greece and South America are some of the countries which sent delegates. Most of the names of those present look like needlework in print and sound like an incurable disease.

FOR MURDER OF DR. COX.

Three Men, Alleged to Have Been Hired by Judge Hargis to Slay Man, Are to Be Tried.

[BY DIRECT WIRE TO THE TIMES.]
LEXINGTON (Ky.) Aug. 27.—[Exclusive Dispatch.] For the assassination of Dr. D. B. Cox, at Jackson, Breathitt county, five years ago, John Abner, Elbert Hargis and William Britton were put on trial at Sandy Hook, Elliott county, today.

The men are charged with killing Cox on the order of Judge James Hargis of Breathitt county, but Hargis was acquitted a month ago.

A woman telegraph operator has been sent there to handle reports of the trial. She will be the first of her sex to go to the mountains to send out reports of the feuds.

THEIR DEATH DEMANDED.

Trial of Persons Charged With Plotting Against Life of Czar Ends in St. Petersburg.

[BY DIRECT WIRE TO THE TIMES.]
ST. PETERSBURG, Aug. 27.—[Exclusive Dispatch.] The examination of persons accused of plotting against the life of the Emperor in May ended today.

Witnesses for the defense denied the social revolutionists were connected with the plot.

Counsel for the prosecution contended that the guilt of the prisoners had been established and he demanded the death penalty. Decision was reserved.

REDUCED TO SKELETON.

Smias Woman Lost for Twenty Days Is Found With Her Reason Dethroned.

[BY DIRECT WIRE TO THE TIMES.]
GENEVA (Switzerland) Aug. 27.—[Exclusive Dispatch.] After having been lost twenty days, a Swiss woman was found in a gorge, where she fell from a high altitude.

She had lost her reason and her body had been reduced to a skeleton.

GATES WILL HUNT.

American Plunger Takes Big Estate in France for the Shooting Season.

[BY DIRECT WIRE TO THE TIMES.]
LONDON, Aug. 27.—[Exclusive Dispatch.] John W. Gates visited the track at Hurst Park and won on a six-to-one favorite.

Gates is just back from the most northerly point in Scotland. He has taken a big estate in France for the shooting season.

VITAL RECORD.

BIRTHS, DEATHS, MARRIAGES, DIVORCE.

Deaths.
BORDEN. In Chicago, Ill., August 25, 1907, Margery Frances Borden, aged 24 years, wife of Sheldon Borden, daughter of Mr. C. B. Borden, and mother of Cecil A. Borden, Harry I. Borden and John R. Borden. Funeral services at St. Paul's Pro-cathedral, August 26, 1907, at 2 p.m. Interment strictly private.

OBITUARY.
In this city, August 26, 1907, Joseph G. Oros, aged 65 years, husband of Mrs. Oros, died at his home, 1000 S. Broadway, at 10 o'clock. Funeral services will be held in the chapel of Orr & Edwards Co., Tenth and Flower streets, this morning at 9 o'clock.

SMITH.
Philip Hathaway Smith, infant son of Mr. and Mrs. A. M. Smith of Claremont, died at his home, 1000 S. Broadway, at 10 o'clock. Funeral services will be held in the chapel of Orr & Edwards Co., Tenth and Flower streets, this morning at 9 o'clock.

HORTON.
Entered into rest at Los Angeles, Cal., August 27, 1907, Daniel R. Horton, dearly beloved brother of Miss J. R. Horton, a native of Massachusetts, aged 58 years 10 months 20 days. Funeral from his late residence, 200 North Griffith avenue, Thursday, August 28, 1907, at 10 o'clock. Friends invited to attend. Interment, Evergreen Cemetery.

BARRON.
At Moorpark, August 27, Nettie Stewart Barron, wife of A. W. Barron, San Francisco, and daughter of Mr. and Mrs. J. M. Barron, died at her home, 1000 S. Broadway, at 10 o'clock. Funeral from 1000 S. Broadway, Thursday, August 28, 1907, at 10 o'clock. Friends invited to attend. Interment, Evergreen Cemetery.

ROACHE.
August 26, 1907, John M. Roache, aged 27 years, died at his home, 1000 S. Broadway, at 10 o'clock. Funeral from 1000 S. Broadway, Thursday, August 28, 1907, at 10 o'clock. Friends invited to attend. Interment, Evergreen Cemetery.

HAMLEN.
August 27, 1907, Alma B. widow Fred Hamlen, aged 23 years, died at her home, 1000 S. Broadway, at 10 o'clock. Funeral from 1000 S. Broadway, Thursday, August 28, 1907, at 10 o'clock. Friends invited to attend. Interment, Evergreen Cemetery.

PERRON.
August 26, 1907, Philip Perron, aged 23 years, died at his home, 1000 S. Broadway, at 10 o'clock. Funeral from 1000 S. Broadway, Thursday, August 28, 1907, at 10 o'clock. Friends invited to attend. Interment, Evergreen Cemetery.

LONE BANDIT KICKS PASSENGERS OF COIN.

Redondo Car Held Up in Night by Amateur Robber Who Gets Small Sums and Is Kicked by Indignant Railroad Man.

TEN men and two women meekly handed out small change to a tenderfoot bandit on a Redondo car last evening, and then one of the passengers kicked the bandit in the ribs.
It was the funniest hold-up which has ever taken place in Los Angeles, and was more or less of an opera bouffe affair from start to finish, though none the less serious. One feature of the hold-up was that the bandit forgot to rob the conductor. Most of his victims gave the bad man small sums and kept the rest of their money. One man saved \$200 and gave \$1.

It was inbound Redondo car No. 13 which was the stage setting for the latest "Wild West" drama. Happily nobody was killed or hurt—except the bandit himself, who was kicked. But during a wild ride of about ten miles the passengers on the car had that creepy sensation which comes from looking into the muzzle of a large loaded revolver in careless hands, and it was really only the good nature of the bandit which prevented a tragedy. When the car left Baldwin's Station, near Inglewood, the bandit swung on board. He tried to be very cool and pulled down from under his hat a black mask which hid the upper part of his face. It was also seen that he wore a false mustache, which he later lost and which, with his hat, he held as evidence and a possible clue to his identity. He had gotten up his costume as a bandit in style.

EXPLAINS HIS BUSINESS.
"I'm holding up this car," said the bandit to Conductor T. T. Holman. "Tell the motorman not to stop till he gets to Vermont avenue."
The robber pulled out a big revolver and the conductor started through the car on his errand. On the way he warned the passengers to hide their money and keep cool. A moment later the bandit came back to the car and took what each passenger offered him. When the car reached the Southern Pacific crossing near Jefferson avenue he jumped off and disappeared.

Motorman McDermott and Conductor Holman at once called the police and Superintendent Madrox, at the Redondo car barns, by telephone. During the time of the hold-up it was seen that the bandit was exceedingly nervous and evidently an amateur bad man. Altogether he collected about \$200 and a watch chain and a bunch of keys.

FOLLOWS THE ROBBER.
His victims succeeded in following the hold-up man by taking advantage of his nervousness. They gave him what they thought would satisfy his suspicions, and their ruse succeeded. Through the warning cleverly given by Conductor Holman, most of the passengers had an opportunity to regain their self-possession and hide their jewelry and valuables.

As the highwayman was about to leave the car at the railroad crossing, an employee of the company, J. A. Harrington, made an attempt to kick the robber off the car. The railroad man waited until the bandit had stepped down upon the lower step at the front end of the car, and then he kicked him. For an instant it seemed as though the bandit would fall from the car, but he retained his hold and climbed upon the front part of the car. Harrington ran back into the car and the bandit fired a shot at him. It was evident, witnesses say, that the robber did not intend to injure him, as he fired into the air.

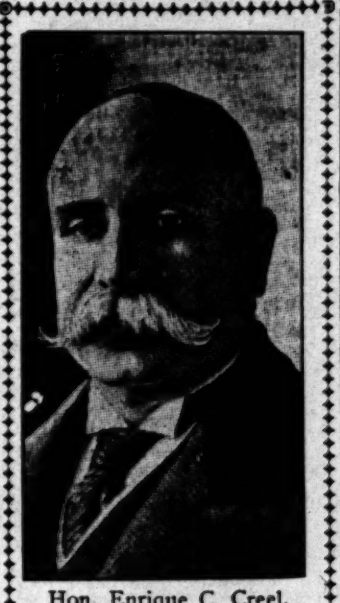

How HE DID IT.
Car No. 18 left Redondo for Los Angeles at 8:04 o'clock, and ran on time until it neared Baldwin station. There the motorman saw the form of a man standing between the rails. He appeared to be about 25 years old, had a black mustache and was dressed in a suit of black over which he wore a blue jump suit. He was about 6 feet 6 inches tall and of slim build.

As the car slowed down, the motorman saw the man lower his head and he fired into the air. The bandit fired a shot at him. It was evident, witnesses say, that the robber did not intend to injure him, as he fired into the air.

TOY ON SAYS WILL REFORM.
Eschew Cigarettes and White Devil Girls—Narrow Escape His.
Because his father claimed to be too fat to testify before United States Commissioner Van Dyke, Toy On had a narrow escape from being sent back to China on the charge of being illegally in this country. But on the demand of the son, Toy Lock was taken into court by a Deputy United States Marshal and a subpoena, and yesterday proved that the boy was born in San Francisco. Toy On was set free.

During his testimony yesterday, Mr. Toy acknowledged that he was "mad" at On, and that was as much his reason for refusing to testify as because he is fat. He said On is a bad boy, and gambles, smokes cigarettes and flirts with white-devil girls.

On confessed that he hadn't been an angel, from a Chinese point of view, but promised to be better. When he was set free he borrowed 50 cents from Deputy United States Marshal Du-lin and bought a lot of fruit and sent it to Chinese prisoners in the County Jail to celebrate his freedom.

Hon. Enrique C. Creel.

RICH SPREAD FOR CREEL.

Two Hundred Fifty Dollars Plate at Banquet Tomorrow.

In honor of Enrique C. Creel, Ambassador from Mexico to the United States, and Governor-elect of Chihuahua, the most costly banquet ever spread in Los Angeles is being arranged. It will be given by E. L. Doherty, president of the Mexican Petroleum Company, which recently has been announced as a rival to the Standard Oil Company in Mexico, tomorrow evening in the banquet-hall of the Alexandria.

Carte blanche has been given Mr. Reichel of the hotel to "go as far as you please," and it is understood that the banquet, which is for forty, is to cost \$150 a plate exclusive of the wines—and these will cut a figure.

Wines that sell for the ordinary \$5 a bottle are scorned. Nothing less than the rarest and the best will do, and emissaries of the hotel have been sent into the highways and hedges to round up enough of a famous vintage which sells wholesale at \$10 a small bottle.

The decorations are to be superb—nothing less than a veritable sunken garden with mysterious musicians hidden in embankments of leaves and a score or so of Gaiety girls from old Japan dancing behind a shower of electric lights. Wines and decorations will bring the aggregate cost per plate to \$250.

Mr. Doherty has determined to give Ambassador Creel a banquet which he could not surpass even in Washington, the city noted for sumptuous affairs which cost more than "two bits."

Yesterday work was begun preparing the stage upon which will appear modern vaudeville interspersed with sketches from old Mexico. There will be a veritable maze of greens. The affair is attracting much interest because the subject of expense has been relegated to the rear.

GREAT WEIGHT BLOCKS CARS.
A broken wagon wheel tied up traffic on North Main street for some time yesterday afternoon. A heavy wagon belonging to an iron foundry lost a wheel on Macy street and a great casting, weighing five tons, was precipitated on the tracks. An attempt was made to remove the obstruction with the horses hitched to the wagon, but the load was too heavy and the tracks were blocked until a derrick could be secured. Even then it was impossible to get the great mass of iron loaded onto the truck and finally the drivers threw a heavy chain over the casting and fastened it to the back of the derrick. The derrick was then used to pull the load off the tracks and the wagon was freed.

WILL INVOLVE NEVADA.
The Women's Stock Exchange of this city decided last night to immediately open branch exchanges in Goldfield and Rhyolite, where a specialty will be made of mining stocks. The exchange here is the only one of its kind in the world and despite the dull season, it has been transacting much business. The new exchanges will be auxiliary to the Los Angeles Stock Exchange.

DAILY STRAW VOTE.
A straw vote of the merchants of San Bernardino on the successor to President Roosevelt gave the following result:
REPUBLICANS.
Taft, 72.
Hughes, 4.
Cortelyou, 2.
DEMOCRATS.
Bryan, 10.
This vote is light because a majority of the business men interviewed would consider no one but Roosevelt to succeed himself. The few who had a second choice named Taft. The Democrats who would vote were unanimous for Bryan.

STRIFE STIRS "TIGER" FOLD.

Germain Says Schwamm Talks Like Anarchist.

Threatens to Quit as Head of Democratic Club.

Misquoted, As It Were, Vows Fire Commissioner.

President Eugene Germain of the Democratic Club, once the Tammany "Tiger," says that Fire Commissioner Anthony Schwamm, director in the club and chairman of the Democratic County Central Committee, talked like an anarchist in a recent speech about the rich and the poor. You never can tell what a Democrat may do next, so it was no great surprise among people familiar with this axiom when it became quite generally known to politicians yesterday that there was a rupture in the almost but not quite famous political club, and that its president had taken exception to some purported remarks of Fire Commissioner Schwamm and had threatened in writing to resign as head and director of the organization. If the remarks attributed to Schwamm were true and if the remainder of the directorate stood for the remarks, the sensation of the day among Democratic politicians. It was the main topic of conversation at the weekly luncheon of the silk-stocking wing of the club.

As Mr. Germain's widely-circulated letter was attached to a string which its writer had been careful enough to affix, and as Schwamm and several directors of the club promptly cut the string yesterday afternoon, the prospect is that the episode will be recorded in the history of the club as a faux pas, which is west-of-main for leaping before you look.

JUST SUPPOSING.
Mr. Germain's threat to leave the club was based on the hypothesis that Mr. Schwamm had said certain things attributed to him by a newspaper, that no one apparently had read and on the supposition that other directors of the club might stand for what Mr. Schwamm was supposed to have said.

Schwamm promptly kicked the chair out from under any such hypothesis by saying he had not indulged in the language charged to him, and, of course, as he really had not said anything which any one might take exception to, why, how could any director object?

TWAS AT A COMMON FEED.
The hypothetically objectionable remarks of the fire commissioner were made at a dinner of the common people last Saturday night. They have two dinners a week at the club, one at noon each Tuesday for the men and one at 7 o'clock for the women. Their shirt bosoms just above the first button so that the diamond studs can catch the sun's rays, and the other each Saturday night for the hot pool, who have to wear wide ties to cover up the opening around their necks where the shirt ought to be.

"Tony" had given up the gustatory joys of a much more elaborate banquet that night, just to be with the common people, and when he called on him to speak, he felt called upon to say something about the predatory rich—that's what he called the class upon thinking it over yesterday.

But when President Germain by some hook or crook got hold of the newspaper that supposedly quoted the fire commissioner aright (Mr. Germain did not attend this dinner) he surmised that Schwamm had been engaging his horse too fast and too furiously for the good of the party and for the good of the party President Germain concluded that drastic action was necessary, so he dictated a letter to Mr. J. McCarry, secretary of the club. This is the substance of the letter:

"I notice a report of a speech made by one of the directors of our club at Saturday night's dinner at the club. I wish to know through you whether the sentiments expressed are those of the balance of our directors. If so, I wish to resign, not only from the presidency of the club, but from the Democratic Club.

"Kindly communicate my sentiments to all the directors and let me have their reply before our regular meeting.

So Secretary McGarry sent copies of the letter to the directors of the club, including Mayor Harper, George Calk, Fred L. Sexton, A. Niemeyer, Nathan Calk, Joseph McCarry, Ernest H. Wilson, S. P. Clark, W. T. Craig, Timothy Spellacy, Dr. D. W. Edelman, Dr. A. W. Moore, C. F. Johnson and E. Fetterson.

Then things began to move. Schwamm's telephones were kept busy, with the fastest talk from Schwamm end, and there were many personal calls at his cigar house on North Main street. The Fire Commissioner, proudly wearing a \$300 diamond-studded gold star of office, presented to him by Mr. Germain, promptly denied that he had uttered the words placed in his mouth.

To a Times reporter, Schwamm said he had made no attack on the rich as against the poor. "I did say that the predatory rich, you understand, like those who have money and are acting as parasites on the rest of the community, are a menace to our civilization, you understand. Why, by Jove, it would be foolish for me to talk as they have said I have talked, you understand, and I hope I am no fool, as it were."

Eugene Germain (above), president of the Democratic Club, and wealthy merchant, who terms anarchistic the utterances of Fire Commissioner Anthony Schwamm (below), and threatens to resign as director and head of organization if other directors subscribe to sentiments ascribed to the latter.

TRAP SPRUNG. STEALS FROM EMPLOYERS.

TRUSTED SALESMAN ARRESTED FOR UGLY CRIME.

Confronted With Evidence of Guilt, He Confesses "Kneeling Down" Hundreds of Dollars—Speculations Thought to Cover Several Years. Woman May Be at Bottom of Case.

R. A. Smith, a trusted employee of the Mathews Newell Company, was arrested yesterday afternoon by Detective P. L. Blair, of Blair's Agency, and lodged in jail on a charge of grand larceny. Smith, who was employed as a salesman, is charged with having sold harness and other goods to the company, and with having stolen from the company the sum of \$5000. It is thought the stealing has been going on for some time, and it is estimated that in all Smith must have secured \$5000. Blair says he admitted the theft of nearly \$5000, and his employers believed that it is but a little of the total amount which he has taken since he has been in the employ of the company.

For some time goods have been disappearing without record, and a careful watch was set. Finally suspicion pointed toward Smith, and he was put under surveillance. Bryant Mathews, president of the company, came to the conclusion that Smith was the man being spotted, and put the matter in the hands of the Blair agency.

Two men were sent to the Mathews-Newell store to make purchases. They maneuvered as close as they could to a salesman without exciting his suspicion. The first day they bought goods to the value of \$22.50, paying the money over and taking their purchases. They later ascertained that the money had not been turned over, but to Smith as a salesman without exciting his suspicion. The first day they bought goods to the value of \$22.50, paying the money over and taking their purchases. They later ascertained that the money had not been turned over, but to Smith as a salesman without exciting his suspicion.

With the goods in his possession, Blair went to the store to arrest Smith. The man had already left for his home at Alhambra, but he was captured at Los Angeles and East Market streets, just as he was boarding a car. At first he denied all guilt, and offered resistance. When informed that he would be arrested whether he fought or not, he went with the officer.

Blair took the man to his offices in the Del Monte block, on Third street, where he confronted him with the goods. When he saw the stuff he is alleged to have said, "I guess you have the goods and me all right." He at first denied that he had taken any great sum of money, but finally, it is claimed, confessed to Blair that he had sold fully \$5000 worth of merchandise and failed to make any return therefor.

Yesterday Smith signed a confession in the presence of P. L. Blair and W. B. Guinand, admitting that he had sold merchandise to the value of \$5000 and taken the money himself. The full extent of his speculations is unknown, as the system of checking in use by the company makes it easy for a dishonest employee to steal without much danger of being detected.

Smith entered the employ of the Mathews-Newell Company a little more than two years ago. He is about 35 years old, is married, and has one child. It is suspected that there may be a woman at the bottom of the affair, as Smith had in his possession several letters couched in endearing terms. They were unsigned, and evidently mailed at Colton from an overland train. The confession signed by Smith is: "I admit taking fifty-six (56) dollars, for which I sold J. W. Woodford (whites) acting as salesman and agent for the Mathews-Newell Company of Los Angeles city, Cal., a single harness (value \$27.50), and five (5) lap robes (value \$23.50). This money belonged to the Mathews-Newell Company."

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The vacation habit has left the city without a Mayor and a Finance Committee; unless Councilman Blanchard returns home by Saturday there will be no money on the first of next month for city employees.

Friends of Councilman Lyon are preparing to banquet him as the first man from the Seventh Ward in a generation to occupy the Mayor's chair; Mayor Harper and President Pease of the Council are out of the city and Lyon is acting president of the Council.

Granting an application from Attorney J. M. Stephens the Council voted yesterday to advertise for sale third-rail franchises on South Hill and West Sixteenth streets.

The Civil Service Board dismissed the charges yesterday against Restaurant Inspector Schwegel.

Mrs. Eva L. Klippert yesterday was granted an interlocutory decree of divorce from J. E. Klippert, former proprietor of a furniture factory, on the grounds of desertion. Evidence was presented also on statutory grounds, but the charges were not legally established.

Beach city officials were cited to appear in the Superior Court and show cause why they should not be punished for contempt. Judge Bordwell declined to adopt a plan presented by Attorney Anderson.

A Korean woman and seven Japanese men were arraigned in the Police Court on the charge of selling unclean meat. The health inspector's story was revolting.

Officials of the four big ice companies of the city, when arraigned in the Police Court yesterday on the charge of violating the Cartwright law, entered demurrers and the trial of their cases is probably yet afar off.

AT THE CITY HALL.

SPRING FEVER EMPTIES HALL.

BUSINESS BLOCKADE CAUSED BY VACATIONS.

City Without Mayor and Council Powerless to Pass Demands on the Treasury—Some One Must Carry Message to Blanchard or There Will Be No Money for Salaries.

The vacation habit is playing havoc with municipal business at the City Hall. Today the city is without a Mayor for the first time in years, and so many Councilmen are away on vacations that it is impossible for those who remain to authorize the payment of salaries to city employees.

City Auditor Muesel called attention of the Council yesterday to the fact that two members of the Finance Committee are out of the city. Under the charter the Council can authorize the payment of no demands on the treasury until they have been acted on by the Finance Committee.

Councilman Blanchard is in Bear Valley; Councilman Wallace is in Oregon; one of these legislators must return to the city to act with Councilman Dromgold on demands for August salaries. Merchants who have furnished supplies for the city must also wait for their pay, but this is not an unusual occurrence. Real trouble starts when the city employees are unable to get their money.

A long-distance telephone message has been sent to Bear Valley on the chance that it may intercept Blanchard, and the Council will meet again Friday to approve the demands, in case Blanchard arrives in time to sign them.

Under former administrations, one member of the Finance Committee and a couple of rubber stamps did service for the Finance Committee, but rubber stamps are no longer in good standing at the City Hall.

Mayor Harper left here last night on a short business trip to Visalia. President Pease of the Council is out of the State; if he were here he would be acting Mayor. Lyon is acting president of the Council, and the Mayor turned over to him last night the keys of the executive offices. But City Attorney Hewitt has expressed the opinion that the charter will not permit Lyon to serve as acting Mayor.

Outside attorneys have expressed the opinion that Lyon is officially the Mayor of the city during the absence of Mayor Harper and President Pease. His constituents in the Seventh Ward are preparing to banquet Lyon as the first man from the Seventh Ward in a generation to occupy the Mayor's chair as Mayor of the city.

Among taxpayers who call at the City Hall on business there is a general murmur of discontent over the failure of the Council to keep the municipal machine running smoothly. To them it looks like crass neglect for two members of the Finance Committee to leave the city at the same time.

Many say that this Council is the worst ever, as such a thing never happened before. But the fact is that it has happened regularly every summer, and the signatures of the rubber stamps have been secured through the use of rubber stamps. The refusal to recognize rubber stamps has called public attention to the absence of the legislators.

A few east-of-main-street politicians were working diligently yesterday afternoon on a programme providing that Lyon shall appoint a successor to Police Commissioner Cole while Mayor Harper is away. The east end is very willing to trust to Lyon to select Cole's successor; the little politicians figure that the Mayor would permit Lyon's man to serve, provided the selection is not too open a friend of the Royal Arch.

FAVORS THIRD RAIL.

Acting on a favorable opinion from the City Attorney, the Council voted yesterday to advertise for sale third-rail franchises on South Hill and West Sixteenth streets. These franchises are applied for by former Judge Albert M. Stephens, and he is expected to bid them in when they are offered for sale; but it is generally understood that the franchises will be controlled by the Los Angeles-Pacific Railway Company.

City Attorney Hewitt advised that to sell this franchise is an easy way out of the present legal tangle that ties up railway construction on Hill street. The right of the Los Angeles-Pacific Company to maintain a third rail over the route covered in these franchises forms the basis for a suit now on its way to the Supreme Court of the State.

Mayor Harper sent to the Council a message advocating a compromise, which will permit the laying of a third rail at once on Hill street. The text of this message was published in The Times Tuesday morning. City Attorney Hewitt expressed the opinion that the franchise application of Attorney Stephens offers an opportunity

for the city to permit the laying of this third rail without prejudicing its suit in court.

Councilman Wren stipulated that he will oppose granting the third-rail franchise for a nominal sum. He said that it is of great value, and that the city should not dispose of it without proper compensation.

SCHWEGEL WINS.
Restaurant Inspector Nick Schwegel has passed unscathed through the ordeal of a civil-service trial, and the commission is now considering whether it shall strike the name of his accuser, H. M. Sayle, from the eligible list.

At yesterday afternoon's meeting of the board, the four commissioners present voted that the charges against Schwegel had not been proved. Commissioner McCutcheon qualified his vote by saying that Schwegel's political record is decidedly mottled, and that he should not care to appoint Schwegel to any position under the city.

The Schwegel trial was interesting chiefly on account of the bits of political history revealed; a number of witnesses testified that prior to the last city election Schwegel hawked about the alleged endorsement of the Liberal Alliance, offering to sell to candidates for a cash consideration.

The commissioners declined to take into consideration his political past; the only charges against him as a city employee were that he fails to inspect that he keeps away from the freelunch counters of saloons.

One for Tammany.
H. M. Love, former secretary of the Tammany Club, has made his peace with the Civil Service Commission, and he will be permitted to serve as emergency secretary to the health board. Love was appointed by the health board three weeks ago to fill an emergency position created by the Council. Later a rule of the civil service was invoked to prevent his drawing pay for the time he worked.

Yesterday the commission relented, and agreed to permit Love to serve until eligibles for the place have been secured by a civil-service examination.

City Hall Waits.

Unable to Reach a Conclusion as to the "Low Bid" for City Printing, the Council Deferred Action Yesterday.

The Daily Journal has made the lowest flat-rate bid, and The Times the lowest bid per thousand of circulation.

Police Commissioners Woodfill and Lewis left for Oregon last night on a hunting trip. They were promised to bring back a pair of antlers to decorate the walls of the commission room.

City Auditor Muesel is suffering from a severe attack of asthma; his physicians have advised him to take a vacation, but he has to leave his post of duty until the city's finances are running more smoothly.

Fifty colored voters petitioned the Police Commission yesterday to appoint J. A. Rogers, colored, to a place on the police force. Rogers's name appears on the eligible list, but the commission overlooked it the last time appointments were made, and the colored voters see in this an attempt to discriminate against one of their race.

AT THE COURTHOUSE.

AFTER HE KICKS HER, JOY GOES.

ALLEGED CO-RESPONDENTS ARE SAVED FROM PUBLICITY.

Statutory Grounds Not Proven Against Husband, Says Court, and Plaintiff Then Bases Successful Suit on Cruelty—Former Furniture Man Does Not Appear to Contest Case.

On the first of two causes of action named in her complaint, Mrs. Eva L. Klippert yesterday was granted an interlocutory decree of divorce from J. E. Klippert, late proprietor of the Mission Furniture Factory in this city.

In the second cause of action, statutory grounds, according to a statement made by Attorney Danford to the court, the plaintiff was handicapped by a promise wrung from her by the pleadings of the mother of one of the co-respondents who had been named.

The attorney asked the court to grant the decree on the grounds of cruelty, waiving the testimony on the second count. Judge James refused, but said that the names of the co-respondents need not be mentioned.

"I had learned that my husband had brought her to our house while I was in Montana, and that they had champagne suppers there. I found this out from my Japanese servant when I returned."

"One night, when I was passing my husband's store on a car, I saw a dim light in one of the windows, and I got out. I went up to the door, I saw my husband and the woman, and I called out. I followed her and told her she would get herself into serious trouble if she went on that way."

A certain "Kitty" was mentioned, and the witness told how she had become aware of this young woman's existence.

"I was going past the postoffice one morning, on my way into town, when I saw my husband crossing the street toward the postoffice, with a letter in his hand."

"I wondered what made him go there himself to mail a letter, and I followed him in. He was at the registry window, and had just thrust the letter under the grating. I reached in and got it."

"My husband told me I would be sorry if I read it, and I told him I was going to read it anyway. Then he said he'd kill me if I did. I kept the letter, though, and read it. I found out who the woman was, and wrote to her husband about it, but she intercepted the letters."

Joe Myrie, the Japanese servant, whom Mrs. Klippert had mentioned, was called to the stand, and testified to the wine suppers in the Klippert home, and the absence of Mrs. Klippert. Three times, he said, the "music teacher" her in Mrs. Klippert's room with Mr. Klippert.

The Japanese boy seemed bewildered by such questions by Attorney Danford as: "Did you remain on the upper floor during the time Mr. Klippert and the woman were there?" Judge James paraphrased that question for the benefit of the witness: "How long you stay top floor that time?"

It appears the Jap had remained there all the time Mr. Klippert and the visitor were there. He had been engaged in cleaning the rooms. It developed, also, that the door of the room where Mr. Klippert and his caller were was left open.

"What did they do?" asked the judge. "Just sitting on chairs. Something like that," answered the Jap. And Judge James intimated that the

second cause of action was not sustained, legally, by the evidence.

In support of the cruelty charge, Mrs. Klippert testified that on September 25, 1905, two years after her marriage, she had locked her door when she retired, preferring not to sleep in the same room with Mr. Klippert.

"Because of the way he had been acting," she said in answer to a question.

"When he came in, he ordered me to open the door, and when I refused, he broke it open. He struck me with his fists, and then kicked me against the door. We never lived happily after that."

Attorney Danford asked the witness if she had been a loving, devoted and obedient wife to Mr. Klippert at all times, and her reply was that she had.

Mrs. Clara Moore testified in corroboration of the incidents related by the plaintiff.

The defendant did not appear. He left Los Angeles soon after his factory went into the hands of the Sheriff, several months ago.

BAD ODORS MUST GO.
COURT WARNS OCEAN PARK.
Cited to show cause why they should not be punished for contempt for their failure to abate the nuisance of odorous sewage at Ocean Park, the Trustees of the beach city sent their representative, Attorney Anderson, to Judge Bordwell's court yesterday to "explain."

Mr. Anderson declared that there had been a misunderstanding, and said that his clients believed that in making an attempt to abate the nuisance, they had fulfilled the letter of the court's order, even though the sea breezes remain as stench-laden as before.

Judge Bordwell gently explained that the purpose of the order had been to purify the air about Center street in Ocean Park, and that continued failure to bring about such a result would mean punishment for contempt.

Anderson urged the court to appoint some expert to look into the matter of the complicated sewage system shared by Santa Monica and Ocean Park, and advise possible remedies, so that the court could tell his clients just what to do.

Judge Bordwell smiled in enjoyment of the humor of the proposal, and repeated that he was going to make no order except that the nuisance must be abated, and he would appoint no one to say how it should be done.

The hearing will be resumed today.

GAY LIFE RUMORS.

WOMAN GIVEN ALIMONY.

Lillian M. MacEwen yesterday was granted an interlocutory decree of divorce from John F. MacEwen, a mining expert, who for more than a year has been in Mexico.

The testimony developed the fact that Mr. MacEwen had sent his wife to her mother, when he started for the United States, to remain until he sent for her. She waited a long time.

Rumors came to her, she testified, that her husband had made a new home for himself in Mexico, after the manner of the region, and was not expected to return.

Alimony in the sum of \$35 a month was asked for, and granted. No resistance was made by the husband to this claim.

COURTHOUSE NOTES.

BIXBY HOTEL SUIT. The suit of Alexander Bixby against the Long Beach Hotel Company came to trial yesterday in the Superior Court before Judge Wilbur, without a jury. Bixby, alleging that he suffered the fracture of his right shoulder bone, right arm and three ribs in the collapse of the hotel building, seeks to recover \$25,000.

The plaintiff was employed in the building at the time of the disaster, which capacity he had been at work for nearly a month at the time of the accident, November 3.

NEW CORPORATION. Ironquels Bottling Company, capital stock \$25,000; fully subscribed.

THREE DAYS' SESSION. The Board of Supervisors yesterday adjourned to meet Tuesday morning. The board will meet for the transaction of business on both Wednesday and Thursday.

AUTOMOBILE IS WANTED. The County Highway Commission has decided that the purchase of an automobile for its work in surveying the county thoroughfares would be much cheaper than the almost daily hiring of such vehicles, and yesterday asked the Board of Supervisors to sanction a requisition for a machine. The advice of the District Attorney was sought, and it was determined that while the board could not purchase a machine especially for the commission, it could buy one for general use of county officials whose work requires their transportation throughout the county, and the machine will be purchased on this basis, but with the understanding that the Highway Commissioners get first chance at its use.

Private bids for a seven-seated machine will be received by the board next Tuesday afternoon at 2 o'clock.

SPECIAL TAX LEVY. A special tax levy proposed by the Ironquels Bottling Co. to be made in the Llewellyn school district was approved by the Board of Supervisors at yesterday's session.

FOREST RESERVE WORK.
Conference of Experts in Session Here and Plans for New Work Are Discussed.

Just a general talk for the good of the service is the way of the conference of superintendents of the various forest reserves of Southern California, now in session in the office of Supervisor R. H. Charlton, in the Pacific Electric building, is spoken of by those taking part.

Yesterday afternoon the session was devoted in most part to a review of the work done during the past year over the 5,539,324 acres of forest reserve, and suggestions were made and views expressed as to what would be improved.

Danger from fire is one of the problems which the rangers are called upon to face continually, and the work of burning firebreaks is considered of as much importance as planting new trees. In the San Gabriel and San Bernardino reserves forty-six miles of such firebreaks have been planted, and 70,000 young trees planted. It is expected that the coming year will see more than double this work accomplished.

Those present at the conference yesterday were Chief Forester Gifford Pinchot of all the forest reserves; Supervisors R. H. Charlton, Los Angeles; J. R. Bell, Hemet; Otto Torsten-Salinas; E. R. Mahwahring, San Luis Obispo; Head Ranger Douglas Santa Barbara; Assistant Ranger E. C. Clifford, Pasadena; Prof. J. W. Towney of Yale University; and J. D. Burns of Washington, D. C.

KOREAN LASS AND JAPS SELL VERY BAD MEAT.

Woman and Seven Men Arraigned in Police Court—Inspector Describes Their Restaurants as Unutterably Filthy Places—Ice Company Officials Enter Demurrers.

In a raid on the Japanese restaurants of the city yesterday, Inspector Sewell arrested the proprietors of seven of the places and arraigned them in court on charges of selling unclean meat to their customers. In almost every instance there were one or more white men being served at the time of the raid, and these customers, after catching a glimpse of some of the exhibits to be taken to court, said unkind things about the restaurant-keepers and hurried away to consult physicians.

Nearly a hundred pounds of unclean meat was confiscated by the raiders. At one restaurant on East Fifth street, twenty pounds of stale ham were found. It was being served in sandwiches to hungry customers. The place was known as the Eagle, said the inspector. The Japanese proprietor admitted that he had been buying ham at 8 cents a pound, when the regular price was 12 cents a pound. He pleaded guilty and was fined \$100 by Justice Frederickson.

There was also arraigned Mrs. Tong Dol, proprietress of the Elite Cafe at No. 622 East Fifth street. She is a Korean. According to the statement of Inspector Wright in court, yesterday, the restaurant was in a terrible state of filth.

"This place is near the Arcade station and many tourists stop there to eat lunch," said Wright. "They find it and if they could get one little peep at the kitchen, they would feel sure that they were in a terrible place."

"When I entered the place, the woman tried to keep me out of the kitchen. In that room I found a big pot of potatoes swimming in grease. The potatoes were not the only thing swimming in that grease. It looked as if most of the bugs in the neighborhood had organized a swimming society and had selected that particular grease pot as a plunge. The plaster was loose on the wall and when you tapped against it, the bugs came out in droves. It was the same way at many of the Japanese restaurants."

Mrs. Dol's case was continued because a Korean interpreter was not at hand. She was released on bail. Other arrests for violations of the sanitary laws are expected today.

Ice Men Demur.
Charged with violation of the Cartwright law in conducting a conspiracy against trade, officials of four of the big ice companies of Los Angeles were arraigned in Justice Rose's court, yesterday. Their attorneys entered demurrers and it will probably be some time before the cases come to trial.

The French line has announced a reduction of cabin rates from New York to meet the reductions of the German lines.

PLANT FEELS ITS YEAST.

Again Needing Room for Expansion.

High Figure Offered for Lot Adjoining Beer Shop.

Permits Are Given for New Gas Holders.

Permitations are under way for the extension of the northwest corner of the Aliso streets from the heirs of the late John Grand. The property adjoins that owned by the Maier Brewing Company's plant and is 100 feet in dimensions. The brew- ing company is the prospective buyer. This lot in order to expand its plant. There is a two-story brick build- ing on the property at present and this is demolished if the land changes hands. S. Randall has sold to T. L. Aliso, general superintendent of the Aliso, Topeka and Santa Fe Rail- road, the southeast corner of West street and Lake avenue for a con- sideration of \$14,000. The property has a frontage of 90 feet on West street and of 144 feet on Lake avenue. Mr. Hilbard intends to im- prove the corner presently either with a residence or an apartment house. At No. 535 Towne avenue, 25x110 feet, and improved with two small cot- tages, has been purchased from P. E. Smith by a local investor for a re- considered consideration of \$2500. C. H. Hoopes has sold to Thomas B. Smith, through the agency of Al- lison Bros., an unimproved lot on the side of Gramercy place, 120 feet on Sixteenth street, for \$7500. The lot is 11x175 feet in dimensions. The owner will erect a \$10,000 two-story residence. C. Cotton & Co. has sold for E. B. Epstein to a local investor at No. 1618 Broadway, 60x175 feet. It will be improved with a residential residence. The same com- pany also reports the sale of the north-

NINE ESTABLISHMENTS RUINED BY FLAMES.

NINE business houses and residences in the northwest corner of Wash- ington and Georgia streets were destroyed or seriously damaged yesterday afternoon by a fire of un- known origin. The loss will amount to \$15,000 and \$20,000, consisting wholly of the contents of the structures. The buildings ad- joining were little better than the others. The total insurance is about \$100,000. The rear of the Sloat Bakery company's plant was a large tank of fuel oil. This tank was on wheels and was about 10 feet high. It had been started in the night, and there was little thought that the flames would reach the oil. The tank was resting, however, and when warning, the tank fell in the

Flames eating into nine buildings on West Washington street and destroying a Georgia-street fuel yard yesterday afternoon.

heaviest loss. The stock was valued at \$100,000. A horse and cow, belonging to H. Hardesty, manager of the com- pany, were burned to death and two wagons destroyed. The building occu- pied by the company was valued at \$10,000. There was no insurance on the property. The entire stock of the Sloat Bakery company was destroyed. It was valued at \$2000. The building and fix- tures were valued at \$2000. The com- pany had \$3000 insurance. C. G. Royal, who had a refreshment parlor at No. 703 1/2 West Washington street, saved most of his stock by car- rying it into the street. The building he occupied was destroyed, the damage amounting to \$500. He carried no in- surance. A. L. Benton, a shoemaker, suffered about \$100 loss. A quantity of ma- terial was destroyed before he could get it out of the place. Dan Woods's barber shop was destroyed. Woods

MAY ACT NEXT WEEK.

Board of Supervisors Not Pleased With the Criticisms of Their Course in Granting Liquor License.

There is a bare possibility—a very remote one—that the Board of Super- visors may reconsider their action re- cently taken and revoke the liquor li- censes they have granted along the route of the Owens River aqueduct. At yesterday's session of the board it was decided to postpone for one week action on communications containing

many of the newspapers, and from other sources, and I propose that at last the public shall know the whole truth. Just what horrid secret Supervisor Patterson has been withholding from the public is not apparent. The threat- ened publicity will be watched with more or less eagerness by those who have seen the Supervisors grant li- censes in the district along the aqueduct, notwithstanding the expressed desires of the City Council and other bodies that this territory should re- main free from liquor selling. "My attitude is well known on this matter," quietly commented Super-

THERE'S only one thing that beats a good chew of tobacco— That's a good chew of the best tobacco—and the best is always

PIPER HEIDSIECK CHAMPAGNE FLAVOR PLUG TOBACCO

Not only the best tobacco grown—but the very choicest selections from the finest crops are used to make Piper Heidsieck. That's what has made it so popular among men of cultivated tastes that no other tobacco is considered good enough for them. Costs more than ordinary tobaccos, but is inexpen- sive enough for any man who wants the best. Distin- guished for its delightful "champagne flavor"—gives lasting enjoyment and unalloyed satisfaction. Piper Heidsieck is the only plug tobacco that is sold in every good tobacco store.

September Dates for Eastern Excursions

PROMISE OF THE FOOTHILLS.
BY G. W. BURTON.

"Springtime unfolds her robes and these hills longest tarry." The poet Robert Burns wrote the words about "the banks and streams around the castle of Montgomery."

Oh, that there were a Burns to sing the praises of a stretch of country where spring is almost perpetual, and where nature puts on robes in mid-summer different from her spring garb, and changes again in autumn to garments more splendid than "Solomon in all his glory" dreamed of—where, even in winter, the hills are clothed in the softest of silks, still nature is clothed in levelness which entrances every eye which rests upon the scene!

The springtime put in an appearance about June 1, and by September the banks and braes around the castle of Montgomery were desolate and swept by harsh winds laden with rain, that ran at times to sleet, and so gifted a singer but stand on the projecting brow of the mountain which, like a proceeding arm, from the Malibu range of hills to Santa Monica all the way to the coast, in San Geronimo Pass, to meet there the twin arm which arches down to San Diego, what a scene would be pour forth out of a poet's brain with joy kindled by the prospect that lies below.

It is of the foothills of Southern California that I am writing. Lovely scenes, scenery always awakens poetry. Gifted singers pour out verses over the islands where "spicy breezes" blow soft. They tell of lands where every prospect pleases. "Sweetest thou, the land of the citron and the olive! How memories of childhood come around, lovely scenes come up from the full heart of mature years. Many have sung of 'Greece, Greece old poetic mountains inspiration breathe around.' The cry of dwellers in old Northern Europe for 2000 years has been 'beyond the Alps lies Italy.'"

None of these lands matches our foothill country lying like a gem of charming colors in the setting of the mountain heights for nearly 200 miles above the fertile valleys of Southern California. Not tropical Capon, whose beauty has charmed Heber; not Greece, which such a powerful spell over Byron; not Italy, which drew from Keats and Keats such glowing words of praise; not all these lands, with all their loveliness, surpass our own—covered, pine-studded, mountain-embowered foothills, as they lie bathed in unobscured noontide sunbeams, in the ray light of early morning, or in the purple shades of closing day. Whether the shadows of a winter rain fall over them, or fleecy clouds chase one another in a long procession along the sky, casting their shadows on the landscape below, or the light from a cloudless sky falls over the ridges of these hills, they are always beautiful. Always the same features, but always changing in the smile that nature has over them in their beauty, the foothills always attract, always satisfy, never pall upon the taste, never seem stale. Always familiar, they are always new.

When "springtime first unfolds her robes" over these hills, they glow with a bright emerald as clothed the meadows under Burns' beloved Dee. A little later, while still the winter, in all its harshness, holds other lands in a grip of ice, the poppy sets these hills ablaze with a myriad cups of living flame. The lily (which the Spanish people name after the butterfly) spreads its variegated wings along the little ridges that lie between the ridges. Another lily, which the children call the grass flower, rises on a slender stem of vivid green and then bursts into a tiny ball of blue, which takes color from the sky itself. A book might tell of all the varied beauties that spring here from these foothills and grow in the valleys. The angels which paint the skies and spot the stars as diamond eyes of night, who know all the colors which ray the precious stones that wall in heaven, and the name of its golden doors, must have spilled their dyes over these foothills and landscapes of this land of the sun.

Summer comes when spring goes, and the beauties of the foothills only change. They never go. The slopes are no longer like a flame with the poppy's cup, but other blooms as red, as blue, as delicate white as lace, purple as larkspur, and blue a cornflower, come to take the poppy's place. The browns on the ledges, the ferns up as rich as the emerald of the sward weeks before. The Spanish bayonet shoots up his long shaft of spotless white. The autumn comes and fades into what we call winter, and goldenrod makes the cañons glow a mint, deeper of hue than the autumn patches were in April, but as striking in their coloring.

To paint-up Utopia, these ridges at the foothills. No box-like house is his; lives upon these glorious heights, and the name of its golden doors, must have spilled their dyes over these foothills and landscapes of this land of the sun.

LOVE DIVIDED.
NIGHT RIDES FASCINATING.
For a Gay Chauffeur Young Wife Leaves Home.
Husband Sues for Alienation of Her Affections.
Daily Incidents Along the Cocktail Route.

Young Otto, who is hardly more than a boy, while his wife is 19 years of age, has made good money with his automobile and often took his wife for a ride. Last winter Mrs. Otto became acquainted with Henderson through Miss Rose, and the domestic troupe. In his complaint Otto stated that Henderson began paying attention to his wife, and while he was from home working, Henderson spent much time at his house with her, and they often went out for auto rides at night, and that they had many resorts and calls in this city, particularly the "Saddlerock," and that she drank intoxicating liquors.

DESERTS HOME.
Last April 12 last Mrs. Otto packed her things and left her home with Henderson, going to live at the Hotel. Henderson also lived. It was one evening after the desertion that Henderson met his wife with Henderson on the street, and the latter is alleged to have drawn a revolver, but Otto denied this. The man who had married him until a policeman arrived when Henderson was arrested and later fined in the Police Court for carrying concealed weapons. Henderson said that time Otto said that he had his eye open for Henderson and intimates that he would very like to find him. Last week he was at Arrowhead Hot Springs, where they were registered as man and wife. Henderson was arrested and placed on a late train and reached the next morning.

CAUSES A FIGHT.
Sunday evening Mrs. Otto was waiting at Eighth street and Broadway, waiting for Henderson, when another young man, an automobile driver, drove up, and Henderson began talking to her. A few moments later Henderson, and a companion, Franz Peterson, drove up, and Henderson got into their car, set upon the unknown young man, and nearly beat him to death. The night watchman at Hamburger's store placed all three under arrest and held them for a policeman. The unknown young man, though covered with blood, broke away and ran down the street. When a policeman came along, Henderson and Peterson were turned over to him by the night watchman, but he refused to hold them, as he had not seen the peace being disturbed. Meanwhile, Otto went to his attorney, James W. Crede, Esq., and through him brought suit in the Superior Court. Last evening Otto stated that he could not tell yet whether he would file a suit for a divorce or not. He seems heartbroken over his young wife's desertion, and cannot apparently make up his mind to lose her entirely.

ARRESTS THEATER MANAGERS.
Humane Officer Charges Violation of Law by Employing Child Actors and Admitting Children.
Determined, he says, to enforce the law to the letter, Humane Officer R. H. Reynolds, yesterday, swore to commissioners for the arrest of Manager of the Burbank Theatre, and Manager T. G. Baker of the Grand Opera-house. Both were arrested early in the day and taken before Justice Frederickson in the Police Court and compelled to file bonds for their appearance later.
Reynolds is charged with having violated the child-labor law in permitting a boy under 12 years to appear on the stage. The boy is Harry Glasier, Jr., appears as Little Pal in this production of "The Half Breed." Young Glasier is an accomplished child actor.
Manager Baker is accused of having violated a recent ordinance which forbids managers to allow children under 12 years to appear on the stage. The children have a written permission from their parents or guardians. Reynolds went to the first performance of "The Half Breed" and secured evidence at that time, thus compelling Manager Reynolds to send a girl on the stage for the remainder of the week. The little girl is 10 years of age, but so small that she will do very well as Little Pal. Reynolds and the gallery entrance, Monday night, and noticed that boys of very small appearance were permitted to enter. In the gallery he found Harry Glasier, 10 years of age, and Harry Sugarman, 11. Both were deep-seated in watching the thrilling scenes of a band of escaped convicts when the officer pounced down upon them and gave them some of the force of real tragedy.
Attorneys have been retained by the theatrical association to fight the ordinance. The constitutionality of the law and the city ordinance will be attacked. It is said the children at the Burbank are being educated for stage careers and that their presence is a part of their education.

Closing Out All Dressers
\$12.50 DRESSER, LESS 20 PER CENT. \$10.00
Solid oak dresser, top divided drawers, 18x20 French plate mirror, strong and substantially built, closing out at \$10.00.
\$17.50 DRESSER, LESS 20 PER CENT. \$14.00
Select white maple dresser, top drawer divided with serpentine, oval or pattern French plate mirror, 22x28, best construction.
\$21.50 DRESSER, LESS 20 PER CENT. \$17.20
Handsome solid oak dresser, serpentine front, base 22x40, large flush plate mirror 24x30, durably constructed and finished.
\$26.50 DRESSER, LESS 20 PER CENT. \$21.20
Birds-eye maple princess dresser, full swell front, French legs, 18x40 oval French plate mirror, highly polished.

Closing Out Iron Beds
\$2.50 Iron Bed, Less 20 Per Cent. \$2.00
22.50 Iron bed, plain style, white enamel only, heavy iron side rails, durably made, closing out at \$2.00.
\$4.00 Iron Bed, Less 20 Per Cent. \$3.20
Neat style, colonial post, high headboard, fancy design in cream enamel only. Extra value.
\$11.00 Iron Bed, Less 20 Per Cent. \$8.80
Continuous posts of one-inch tubing, rich fancy center design, heavy chills, handsome style, exceptional value. Large assortment of colors to select from.

Closing Out Morris Chairs
\$7.50 MORRIS CHAIR, LESS 20 PER CENT. \$6.00
Cut velvet upholstering, solid oak frame, adjustable back, well finished. Closing out at \$6.00.
\$11.50 MORRIS CHAIR, LESS 20 PER CENT. \$9.20
Handsome Morris chair, solid oak frame, roll head or back, upholstered in red or green, cut velvet; nicely carved frame, big value.
\$13.00 MORRIS CHAIR, LESS 20 PER CENT. \$10.40
Massive quartered oak frame, reversible velvet cushions, reclining back, very handsome chair; best construction and finish.
\$14.50 MORRIS CHAIR, LESS 20 PER CENT. \$11.60
Handsome quartered oak Morris chair, with adjustable back and foot rest, best velvet upholstering, durably constructed and polished. Closing out at \$11.60.

Closing Out Dining Room Furniture
\$5c CHAIR, LESS 20 PER CENT. 4c.
Hardwood chair, golden oak finish, well braced, closing out at 4c.
\$1.00 CHAIR, LESS 20 PER CENT. 80c.
High back, golden oak finish, cane seat, neat pressed patterns in back, extra value.
\$1.50 DINER, LESS 20 PER CENT. \$1.20
Solid oak diner, cane seat, braced, continuous back post, golden oak finish.
\$2.00 DINER, LESS 20 PER CENT. \$1.60
Flat spindle back, wood seat, braced, oak, golden finish, durably made.
\$2.50 DINER, LESS 20 PER CENT. \$2.00
Quartered oak diner, veneered seat, polished, very substantially built. Braced perfectly. Closing out at \$2.00.

Closing Out Chiffoniers
\$14.50 CHIFFONIER, LESS 20 PER CENT. \$11.60
Solid oak chiffonier, full swell front, top divided drawer, best cabinet work, closing out at \$11.60.
\$16.00 CHIFFONIER, LESS 20 PER CENT. \$12.80
Handsome chiffonier, top divided drawer and swell, solid oak, large 14x24 French plate mirror, best construction and finish.

Closing Out Rockers
\$2.00 ROCKER, LESS 20 PER CENT. \$1.60
Hardwood well braced, golden finish, wood or cane seat, well braced, best construction, closing out at \$1.60.
\$4.00 ROCKER, LESS 20 PER CENT. \$3.20
Solid oak, neat style, high back, wood or cobbler seat, braced arms, turned spindles, extra value.
\$6.00 ROCKER, LESS 20 PER CENT. \$4.80
Quartered oak rocker, flat spindle back, well braced, new design, saddle seat, polished.
\$7.75 ROCKER, LESS 20 PER CENT. \$6.20
Handsome rocker, quartered oak, carved panel back, saddle seat, polished.
\$14.00 ROCKER, LESS 20 PER CENT. \$11.20
Leather seat rocker, spring bottom, quartered oak frame, best construction and finish, closing out at \$11.20.

Closing Out Go-Carts
\$2.75 GO-CART, LESS 20 PER CENT. \$2.20
Folding go-cart, best running gear, steel tires, light and durable, perforated seat and back.
\$5.25 GO-CART, LESS 20 PER CENT. \$4.20
Reclining back, adjustable foot, fabricoid leather upholstering, rubber tires; good style.
\$10.00 GO-CART, LESS 20 PER CENT. \$8.00
Full road sides, adjustable back and foot, ivory grips, steel handles; a neat style, extra value.

Closing Out Iron Cribs
\$7.00 IRON CRIB, LESS 20 PER CENT. \$5.60
White enamel iron crib, woven wire spring, drop sides, neat design, closing out at \$5.60.
\$9.50 IRON CRIB, LESS 20 PER CENT. \$7.60
High ends and sides, drop sides, assortment of colors, neat design, 30x54-inch size, durably constructed.
\$13.50 IRON CRIB, LESS 20 PER CENT. \$10.80
Handsome iron crib, extra high sides and ends, vertical bars, close together, brass top rods and vases, closing out at \$10.80.

Closing Out Refrigerators
\$10.00 REFRIGERATOR, LESS 20 PER CENT. \$8.00
"La Belle" refrigerator, hardwood finished, golden oak, best insulation, zinc lined, adjustable shelf, 30 lbs. ice capacity.
\$12.50 REFRIGERATOR, LESS 20 PER CENT. \$10.00
"Alaska" refrigerator, charcoal insulation, zinc lined, perfect circulation of air, family size.
\$16.00 REFRIGERATOR, LESS 20 PER CENT. \$12.80
The well-known "Gursey" refrigerator, hardwood, golden finish, 3 adjustable shelves, removable ice compartments, very easy to clean, ice capacity 40 lbs. under.
\$25.00 REFRIGERATOR, LESS 20 PER CENT. \$20.00
The "Star" refrigerator with porcelain lined water cooler, made by the Alaska Refrigerator Co., best insulation and linings, closing out at \$20.00.

Closing Out Leather Couches
\$24.00 COUCH, LESS 20 PER CENT. \$19.20
Handsome Chase leather couch, extra size, oak frame, well built, tufted, a big value; best workmanship and construction.
\$32.50 LEATHER COUCH, LESS 20 PER CENT. \$26.00
Leather couch, new design, quarter mowed oak frame, best steel springs, well supported.

Closing Out Rugs and Carpets
ROOM SIZE RUGS
\$14.50 RUG, LESS 20 PER CENT. \$11.60
\$12 "Kashmere" Rug, a new style rug, reversible, seamless, Brussels weave, assortment of patterns to choose from, closing out at \$11.60.
\$16.50 RUG, LESS 20 PER CENT. \$13.20
Smith's Tapestry Brussels Rugs; heavy body; rich floral or Oriental pattern, very serviceable; 9x12 size.

Carpets
55c All Wool Ingrain Carpets, heavy body, reversible, fine line of patterns, sewed, laid and lined... 68c

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

DRASTIC TALK. GET RIGHT OR GET OFF STREET.

CITY ATTORNEY OF PASADENA SPEAKS PLAINLY.

Advices the City Council as to the Occupancy of Thoroughfares by the Sunset Telephone Company With-out a Franchise—Says Municipal-ity May Remove Poles and Wires.

Office of The Times, No. 28 S. Raymond Avenue.

PASADENA, Aug. 23.—Stern and de-clarative in the advice of City Attorney J. Perry Wood to the City Council in re-gard to the refusal of the Sunset Telephone Company to take out a franchise in this city. Terse, put, he ad-vised the Council to remove the poles and wires of the company from the streets and to refuse all permis-sion to occupy the streets and alleys un-til the company applies for a franchise and complies with the law. The report is rendered under a request from the City Council to be advised of its rights, since the Sunset Company has chosen to operate its plant in this city under its State charter and ignore the city. Attorney Wood says in part: "The right to use the streets for the purpose of erecting poles and strings wires for telephone purposes is not possessed by any person or corpora-tion as of common right. It is a spe-cial privilege which can only be en-joyed by special grant from some au-thority having control of the streets, and this privilege, unquestionably, has a large commercial value. The right to make any such grant resides ex-clusively with the city of Pasadena, through its Council under these cir-cumstances, the Pacific Telephone and Telegraph Company, operating the local or State telephone system operated by the Sunset Telephone and Telegraph Company, should be required to secure a franchise from the city and pay to the city the value thereof."

Except under such franchise any poles or wires placed in or over the streets in the city of Pasadena, and used for telephone purposes or for tele-graph with the State of California, constitute nuisances, which may be summarily abated by the city. Unless the owners remove them, the city may do so without any liability to such owners, and may recover the expense of such removal from the company."

Attorney Wood goes into the de-tails of the case, and cites numer-ous decisions and legal precedents for his advice. The case goes into the details of a systematic effort of the Sunset Company to ignore the rights of mu-nicipalities to interfere with its rights under a charter to do business in the State of California, which the com-pany claims is broad and specific enough to justify its operation with-out hampering from the various town, cities and counties through which its business must necessarily be trans-acted.

Before taking the drastic action ad-vised by the City Attorney, the Coun-cil will further consider the case, but in the meantime the council adopted the following resolution: "That the City Engineer and Street Superintendent be and each of them be ordered to issue permits to the Sun-set Telephone and Telegraph Company, or to the Pacific Telephone and Tele-graph Company, for the purpose of placing any poles or wires upon any of the streets of Pasadena or the ex-tending of any of the said streets."

Attorney Wood was also instructed to draw up and present to the Coun-cil a draft of any further resolutions he may think necessary in the prem-ises.

WANTS COSTLY SEWERS.
Among the long expected reports on city improvements handed to the City Council yesterday, that of City Engineer V. E. Brown and City Engineer Allen, who state to the Council that it will require an expendi-ture of \$250,000 to provide by open conduits for storm water from the city of Pasadena.

The report is voluminous and ex-haustive. It divides the city into three districts according to watersheds and carefully collects the facts that enter into the various problems. One of the features of the report is an ex-haustive study of the effect of the tor-rential rains, and the necessity that the drainage be made in such a way as to provide for carrying the water with sufficient speed to keep the streets clear during storms when the water is poured down more than an inch per hour as is frequently the case.

The report recommends a system of open stone-lined conduits for storm water, a main conduit which will carry the storm water away from the city and pour it in the arroyo wash. After its leading Mayor E. H. Hahn, and the figures of the report were far higher than was expected when the matter was first taken up, and on motion of Councilman Crandall the report was referred to a special committee for consideration.

Engineer Ezra F. Scattergood pre-sented his report upon the improve-ment of the electric light plant, in the same lines as reported in the Times yesterday. Taking all these reports into consideration Pasadena faces a large bond issue. The cost of clothing the growing city in proper and accu-rate habilitations is giving the city fathers as much thought as the pater familias who sees his offspring burst-ing through the roof of his ancestral home.

It is now found necessary to provide for \$250,000 for drainage, at least \$200,000 more for the municipal lighting plant, and at a moderate estimate \$100,000 for schools. There are minor items need-ing immediate attention that will swell the bond issue \$100,000, so that the pres-ent outlook is that the taxpayers will be called upon to consider a bond issue of \$650,000 in the very near future.

CAMPBELL PLAN SURPRISES MONROVIA PEOPLE.

Large Crop of Garden Produce is Raised Without Irrigation on Land That Has Never Before Been Under Cultivation, Except for Winter Grain.

MONROVIA, Aug. 27.—A remark-able achievement in "dry farming" in this land of droughty summers is that of C. C. Hubert, who has raised five acres of garden produce without irri-gation. His crops consist of cantaloupe, tomatoes, Hubbard squashes, watermelons, sweet corn and pump-kins. The yield of each variety is large. He is now picking the second crop of cantaloupes.

His tract, the soil of which is a sandy loam, is located in the south-western section of the city, at Fall-ingdale and Mayflower avenues, and has never been under cultivation ex-cept for winter grain. City mains hav-ing never been extended to it, Mr. Hubert decided to try what he called the "Campbell method" of dry cultivation. He first subsoiled deep-ly and then with a harrow and crusher pulverized the top soil. Not a drop of water has been used, but all crops are frequently cultivated. Notwith-standing the torrid days of July and early August, the plants have never wilted. His success astonished local ranchers, who have held that in this section land without water could be used for nothing but a limited vari-ety of winter crops. Mr. Hubert's net returns compare favorably with those from an equal acreage where wa-ter is used.

NEW CONCRETE DEVICE.
A method of constructing reinforced cement conduits, believed to be de-termined to supercede processes in gen-eral use, has been devised by H. M. Siem-ens of this city, assistant to Chief En-gineer Pillsbury of the Pacific Electric, and assigned to the Monrovia-Glenora division.

Prevailing methods do not permit construction of reinforced cement cul-verts or conduits less than five feet in diameter. The wooden form, employed must be taken down and replaced by the cement has hardened, and the passage must, therefore, be large enough for the water to enter. Mains of any diameter less than five feet heretofore have been built of vitrified tile or the ordinary cement pipe.

When the extension of the Monrovia branch to Glenora was planned, Pa-cific Electric officials decided to use con-crete. By Mr. Siemens's method mains of any diameter less than five feet can be easily and cheaply built.

LIVELY FIST AFFAIR ON THE SIERRA MADRE LINE.

Passengers on Electric Coach Bound for the Foothill Town Be-came Involved in Quarrel Over Old Account and Outside Los Angeles City the Mill is Concluded.

SIERRA MADRE, Aug. 27.—Passen-gers on the 3 o'clock car from Los Angeles this afternoon were enforced witnesses to a doctory fight that will doubtless have an aftermath in one of the courts.

S. D. Towne, a Sierra Madre black-smith, and T. H. Brewster, now of Los Angeles, but a former resident of Sierra Madre, got into an altercation on the car over an old account, which Brewster says he will settle with Towne for a long time.

Words led to blows, and after three had been quite a struggle on the car, which had then reached the vicinity of Rose Hill, just outside the city limits of Los Angeles. The crew stopped the car and the fighters got onto the ground.

The car was held, while a ring was formed, and the two belligerents re-sumed their fight. Brewster says that Towne struck him with a piece of iron. He presented a bloody right when he went down and out, and had his cheek split open and a deep cut over the left ear.

The conductor sounded his gong, cried out, "All aboard," and both the fighters crawled on to the car, along with the other passengers.

Mr. Hubert's net returns compare favorably with those from an equal acreage where wa-ter is used.

NEW CONCRETE DEVICE.
A method of constructing reinforced cement conduits, believed to be de-termined to supercede processes in gen-eral use, has been devised by H. M. Siem-ens of this city, assistant to Chief En-gineer Pillsbury of the Pacific Electric, and assigned to the Monrovia-Glenora division.

Prevailing methods do not permit construction of reinforced cement cul-verts or conduits less than five feet in diameter. The wooden form, employed must be taken down and replaced by the cement has hardened, and the passage must, therefore, be large enough for the water to enter. Mains of any diameter less than five feet heretofore have been built of vitrified tile or the ordinary cement pipe.

When the extension of the Monrovia branch to Glenora was planned, Pa-cific Electric officials decided to use con-crete. By Mr. Siemens's method mains of any diameter less than five feet can be easily and cheaply built.

LIVELY FIST AFFAIR ON THE SIERRA MADRE LINE.

Passengers on Electric Coach Bound for the Foothill Town Be-came Involved in Quarrel Over Old Account and Outside Los Angeles City the Mill is Concluded.

SIERRA MADRE, Aug. 27.—Passen-gers on the 3 o'clock car from Los Angeles this afternoon were enforced witnesses to a doctory fight that will doubtless have an aftermath in one of the courts.

S. D. Towne, a Sierra Madre black-smith, and T. H. Brewster, now of Los Angeles, but a former resident of Sierra Madre, got into an altercation on the car over an old account, which Brewster says he will settle with Towne for a long time.

Words led to blows, and after three had been quite a struggle on the car, which had then reached the vicinity of Rose Hill, just outside the city limits of Los Angeles. The crew stopped the car and the fighters got onto the ground.

The car was held, while a ring was formed, and the two belligerents re-sumed their fight. Brewster says that Towne struck him with a piece of iron. He presented a bloody right when he went down and out, and had his cheek split open and a deep cut over the left ear.

The conductor sounded his gong, cried out, "All aboard," and both the fighters crawled on to the car, along with the other passengers.

NOT ARID, THIS. DRY TILLING, GREAT RESULTS.

CAMPBELL PLAN SURPRISES MONROVIA PEOPLE.

Large Crop of Garden Produce is Raised Without Irrigation on Land That Has Never Before Been Under Cultivation, Except for Winter Grain.

MONROVIA, Aug. 27.—A remark-able achievement in "dry farming" in this land of droughty summers is that of C. C. Hubert, who has raised five acres of garden produce without irri-gation. His crops consist of cantaloupe, tomatoes, Hubbard squashes, watermelons, sweet corn and pump-kins. The yield of each variety is large. He is now picking the second crop of cantaloupes.

His tract, the soil of which is a sandy loam, is located in the south-western section of the city, at Fall-ingdale and Mayflower avenues, and has never been under cultivation ex-cept for winter grain. City mains hav-ing never been extended to it, Mr. Hubert decided to try what he called the "Campbell method" of dry cultivation. He first subsoiled deep-ly and then with a harrow and crusher pulverized the top soil. Not a drop of water has been used, but all crops are frequently cultivated. Notwith-standing the torrid days of July and early August, the plants have never wilted. His success astonished local ranchers, who have held that in this section land without water could be used for nothing but a limited vari-ety of winter crops. Mr. Hubert's net returns compare favorably with those from an equal acreage where wa-ter is used.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

UPRISING IMMINENT. NEAR WAR AT LOS ALAMITOS. MAY CAUSE UPRISING AT SUGAR TOWN.

Many days that Deputy Constable...
was the protection of the...
Mexicans and that, now...
that he is dead, they do not...
know what to do.

ANTA ANA, Aug. 27.—The little...
of Los Alamitos is on the verge...
of a civil war. On one side, angered at the...
murder of Deputy Constable...
Juan Orozco on Sunday night...
the better people of the Mexican...
community, friends of the murdered...
man, who held the whole town down...
by his life and by the force of...
his superior arms, are the rougher element...
of the Mexicans, who, it is believed...
the murder of the officer be...
cause they feared him and hated him...
because they obeyed his laws.

There would not take much to start...
a civil war going," said Sheriff...
"Orozco was the protection of the...
better Mexicans, and now that he...
is dead they do not know what they...
do. There is no man alive who...
does the work he did. There are...
men who understand the Mexicans...
and who are just as brave, but I...
do not know who can fill the place...
of the judgment exercised by...
Orozco."

"The Mexicans are feeling...
pleased with the killing of...
Orozco, a stranger among them, and...
they should be pleased, but they...
are misadvised, and they are particu...
larly pleased with the death of the...
only constable. Without him they...
know no restraint, and Saturday...
and Sunday will likely be...
of "shooting up the town" at...
Los Alamitos in the future.

However, the better class of Mexi...
cans declare that they will join to...
keep the peace. Among the...
men who deeply resent what they be...
lieve was a plot to kill Sheriff Orozco...
are men who can handle a fire...
arm with the best Mexican among...
them, and they will take up the fight...
at the drop of the hat. Among...
them is Ben Dominguez, a...
young Mexican, who proved his...
courage at the sugar town...
last Sunday night.

It is pointed out by the murderer...
as the crowd with his revolver...
and pulled the trigger. He...
as a flash, the weapon was...
aimed at him. Dominguez seized it...
and inflicted a slight wound. Then...
he took the revolver. Finally...
he got it, and using it as a...
lever, he threw the murderer out...
of the best sugar company was back...
Orozco, and now it is looking for...
the man who can hold down the town as

CONCLUDES ASSESSMENT.
Increasing the city assessment...
of \$100,000, the City Board of...
last night adjourned. One...
last act was to even up matters...
between the Pacific Telephone and...
Company and the Edison Elec...
tricity Company department, neither...
of which holds a franchise, for doing...
business in Santa Ana. The Santa...
City Dads hit upon the scheme...
of assessing these corporations for...
the use of the city's streets and alleys...
and the scheme is likely to be taken...
up where the corporations are...
assessing without franchises.

FEAR HILL FIRES.
The foothills are becoming...
increasingly dangerous, and all that...
necessary to get them together is a...
few sparks. Monday a fire started...
in the foothills, near San Juan...
Valley, and fire fighters soon...
had it out.

FULLERTON.
Fullerton, Aug. 27.—Notice has...
been received from the county that...
the city assessment is a...
decrease of over 100,000 over last year's...
assessment. This year is subject to...
a decrease of 10-20 per cent. by the...
board of Equalization. As it...
is now it will bring to this city...
a little more than \$7500, an...
amount of nearly \$2000 from last...
year's assessment. The city...
and Pullman companies was raised...
from \$5000 to \$30,000. The city...
assessment on property owned...
by the city is \$2500. The city...
assessment on personal taxes collected...
on property owned by the city...
is \$2500. The city assessment on...
property owned by the city is \$2500.

PROPERTY HOLDER SUES.
The City of Santa Ana has secured...
attachment on the property of...
a body in San Bernardino is...
plaintiff.

SAN BERNARDINO, Aug. 27.—Dr...
Heath, who created a sensation...
several months ago by securing...
the removal of a human corpse...
from the relatives of the deceased...
of \$25,000, alleged to be due for...
the amount of the deceased at Pittsfield...
the amount, together with...
the amount for delay in making...
the payment.

THE EXPENSE OF THE PAT...
ent incident made the constable...
the attachment hurriedly, and...
the relatives.

arrest this morning on complaint of a...
liveryman, charged with at...
tempting to defraud him of a bill for...
carriage hire. For weeks Burleigh and...
his wife have been in this city, he...
claiming to hold a responsible position...
on the Yuma dam, being built by the...
government. He secured money on a...
loan from a well-known physician and...
attempted to raise money on a check...
from a jeweler. Several times the...
Sheriff halted him, but he did not...
make good. Saturday he attempted to...
cash a check, and when overhauled by...
Deputy Sheriff Lamer, tore the check...
into bits. His wife is now in Los An...
geles trying to raise money to help her...
husband out of his difficulties, and last...
night telephoned to him that the...
money was coming surely but slowly.

BIDS FOR FILLING GAP.
The directors of the Arrowhead Ho...
tel Company are asking for bids for...
the construction of a road and bridge...
from the end of the Traction line to...
the hotel. The distance is hardly more...
than a quarter of a mile, but at pres...
ent patrons have to go by stage over a...
winding road which takes some time...
The call for bids indicates that the...
Traction company is now in Los An...
geles trying to raise money to help her...
husband out of his difficulties, and last...
night telephoned to him that the...
money was coming surely but slowly.

TO AVOID FLOODS.
The commissioners appointed by the...
Board of Supervisors to secure a right...
of way for the proposed Mission storm...
ditch report that the cost of the new...
ditch will be \$13,312.38, which in...
volves the purchase of land for the...
ditch. The commissioners have...
settled with most of the ranchers...
across whose holdings the drain will...
run. With the completion of the ditch...
there will be no further damage from...
the winter floods which pour from the...
Redlands hills.

UPLAND.
UPLAND, Aug. 27.—Janette, young...
est daughter of Mrs. L. Westland...
senior editor of the Upland News, died...
suddenly at the family home in Up...
land, this morning, after an illness of...
one day. Her age was 11. At the time...
of the child's death, her mother was...
absent from home, being at the seaside...
where she had been working to regain...
her health, after an illness of over a...
year.

LONG SEARCH FOR BOYS.
Efforts to find the missing sons of...
Aged Lompoc Man Who Sees...
Death Approaching.

SANTA BARBARA, Aug. 27.—A story...
of a long and almost hopeless search...
for two lost sons by an aged father...
who is rapidly declining in health...
comes from Lompoc. Eight years...
ago, Henry Young, the father of the...
family of boys, left home and never...
was heard from. He said he was...
going to Oakland. Two or three years...
ago his brother, John, disappeared in...
a similar manner.

The passing from the little family...
circle of her two boys prostrated the...
aged mother, and she was hastened to...
her grave. Last week the end came...
to the faithful old woman, who...
vainly for a parting kiss from her...
loved ones.

Now the father is in feeble health...
and he calls uncertainly for a sight...
of his sons before he, too, passes away...
The search for the missing young men...
has been going on for years. The...
old man all over Santa Barbara...
county and up in Oakland, and with...
not a clue to lead them, they have...
begged their aged father to give up...
the search.

The elder Young is a pioneer of this...
State. For many years he was Assessor...
of Santa Barbara county. He...
was a man of great energy and...
ambition. He was a man of great...
energy and ambition. He was a man of...
great energy and ambition. He was a...
man of great energy and ambition.

Mayor Wood and his family are...
going to desert Santa Barbara. Out...
ing to the fact that the Mayor plans...
to educate his children in the East...
the family is soon to leave for Pitts...
field, where the Mayor will go...
after he shall have served out his term...
in office.

It cost Tony Castro, an employe of...
a lemon house here, just \$20 for a...
private little bottle of the latest...
anatomy of his wife Sunday. Tony...
drank some Saturday night, and saw...
red. He laid \$20 against his chances...
for a bottle of the latest anatomy of...
his wife. He did not appear for trial.

Trouble is brewing for some of the...
local dairymen. Assistant Dairy In...
spector T. H. Duggan is due to pay his...
city another visit, and he will come...
loaded for business. He has received...
complaints from the local...
dairies have been dishing up watered...
milk to their customers.

Part of a ship's deckhouse, suppos...
edly the wreck of the sunken...
steamer Columbia, was picked up in...
the Santa Barbara Channel yesterday...
afternoon and is now on exhibition on...
the pier. There is no name on the...
wreckage to identify it with the...
Columbia, but it is believed to have...
been part of that vessel.

Go to Coronado Tent City.
Bungalows and villas at Venice.

POINTS TO ARIZONA. SPRECKELS LETS ROAD CONTRACT.

THIS JOB IS FOR GRADING IN SAN...
DIEGO.

Visiting Admirals Are Received...
and Shown About the Harbor.—One...
of the Visitors Makes Speech in...
Which He Touches on Local Con...
ditions.

[BY DIRECT WIRE TO THE TIMES.]
SAN DIEGO, Aug. 27.—[Exclusive...
Dispatch.] President John D. Spreck...
els announced tonight the letting of...
the first contract for the San Diego...
and Arizona Railroad to some point in...
Arizona.

The contract is for 40,000 yards of...
grading within the city limits, com...
mencing at Twenty-seventh street. The...
Rendle-Fraser Company are the con...
tractors.

"This," said Mr. Spreckels, "is the...
first contract for the construction of...
the road. The work indicated will be...
completed by December. The con...
tract will be awarded from time to...
time, my purpose being to rush things...
as rapidly as possible.

"I expect that all of two years will...
be occupied with the construction, and...
the estimated cost, exclusive of equip...
ment, will be \$7,000,000. In the past...
eight months we have secured the...
rights of way through the city and...
National City, at a cost of \$2,000,000...
while a quarter of the work has been...
expended in preliminary work in Car...
rio Canyon, in this county.

"In the two cities, most of the route...
over the right of way has been...
cleared and is ready for the graders."...
RECEIVE VISITING ADMIRALS.
Rear-Admirals W. S. Cowles and W...
T. Capps, who arrived this morning...
spent the day examining the harbor in...
the interest of a naval station already...
a navy yard, left on the Owl train for...
the north tonight.

They were shown over the bay by...
Commander A. C. Almy, who is in...
charge of the construction of the naval...
coaling station, and others, including a...
committee of officials of the Chamber...
of Commerce. The admirals expressed...
themselves as highly pleased with the...
natural advantages of the harbor.

In a speech at the Chamber of Com...
merce, Admiral Capps said: "You have...
the finest harbor that it has ever been...
my opportunity to look upon. It is...
both in point of beauty and...
usefulness."

"I hope you will have a channel 1000...
feet wide and 40 feet deep, or as...
large as you want. I think that both...
the harbor and the bay are well...
worth the price. I hope that you will...
have a naval station, and you certainly...
will have made a good thing of estab...
lishing it with the establishment of a...
coaling station here, already a surety...
and with the local insurance officials...
established which has, although a new...
feature in the harbor, made a record...
that has not been beaten by any...
other station of its kind in the world."

Admiral Capps said that a coaling...
station, complete in this harbor, would...
appear very long in the world. He...
also spoke of the coming of the At...
lantic fleet, and said that the harbor...
here is large enough to hold all the...
vessels of the United States navy.

The admirals expressed themselves...
as highly pleased with their reception...
and the harbor. They will be...
SQUABBLE FOR THE GEMS.
A lively legal squabble is probable...
over the diamonds and real estate sup...
posed to have been owned by Viola...
Brackett, the so-called "Queen of Chi...
cago's Intimacy," who is...
supposed to have shot her consort...
Howard Wolcott, before ending her...
own life.

Mrs. W. S. Wolcott, mother of the...
dead woman's lover, has been here to...
file her claim for the major part of...
the estate. Her husband, Stephen...
Wolcott, was a man of great energy...
and ambition. He was a man of great...
energy and ambition. He was a man of...
great energy and ambition.

Today Ethel O'Brien of Globe, Ariz...
sent a telegram to the Chief of Police...
stating that the diamonds of the...
woman's effects are her property...
and saying that she is coming at once...
to prove her property, which she re...
quests be held.

W. H. T. Bracken of Sacramento...
father of the dead queen, is also com...
ing here to claim the property. Woll...
cott, who is recovering from the bullet...
wounds, will soon be up to take a hand...
in the fight.

After all that has been written of...
the reputed wealth of the Brackett...
woman, it turns out that she left an...
estate valued at about \$12,000. This...
included real estate in Los Angeles...
valued at \$1000, and in San Bernar...
dino valued at \$4000, and in Con...
gress, Ariz. \$500; also mortgages ag...
gregating \$1000. The heirs are a hus...
band, Hugh H. Stephenson, and her

Leading Specialists FOR Men Only

16 years of unparalleled success as...
specialists for men only, right here...
in Los Angeles, coupled with the...
fact that dozens of the most promi...
nent business men in town are glad...
to vouch for our character and abili...
ty, is strong presumptive evidence...
that our work is legitimate in every...
particular, and that we are thorou...
ghly competent and reliable.

We cure to stay cured all dis...
eases peculiar to men, including...
Weakness, Varicocele, Hydrocele,
Specific Blood Poison, Contracted...
Disorders and Reflex Ailments.

Our fees are the lowest. You can...

MEN ONLY

I Cure the Cases That Others Cannot Cure

A bold statement, but just as true as it...
is bold. Not all cases that others fail...
to cure are curable by my method. I...
fully ninety per cent. of them are.

Weakness
Weakness in men is comparatively a sim...
ple ailment and is but a symptom of lo...
ose disorder, a congestion of an import...
ant nerve center. No stimulating treat...
ment, whether internal or locally applied, can...
do more than excite temporary activity...
By my system of local treatment I restor...
absolutely normal conditions throughout...
the organs involved, which promptly re...
sults in complete and permanent restor...
ation of strength and vigor. This treatm...
ent is original with me, and is the only r...
adical and certain cure yet devised.

VARICOCELE
Varicocele is a relaxation, knotting and...
twisting of the most vital blood vessels...
of the organic system. It stagnates the lo...
cal circulation and interferes with the p...
rocesses of waste and repair. Neglect brings...
derangement of functions and injury to...
the general health. Most physicians re...
port to cure Varicocele by operations and...
treatment. I cure Varicocele in one we...
ek without operation, pain or detrimen...
to health. My cures are absolutely perma...
nent and no ill effects whatever can fo...
low my treatment.

DR. TAYLOR
The Leading Specialist.
I ALSO CURE ALL SPECIAL DISEASES...
OF MEN SUCH AS HYDROCELE, NERVOUS...
DEBILITY, BLOOD DISEASES, etc.

EXAMINATION FREE
I offer not only free consultation and...
advice to every case that comes to me...
I will make a careful examination and...
diagnose without charge. No ailing man...
should neglect this opportunity to get...
expert opinion about his trouble. If you...
suffer from any of the above named...
My offices are open all day from 9 a. m...
to 9 p. m., and Sundays from 9 to 11 a.

DR. TAYLOR & CO.
305 1/2 So. Spring St. Cor. Third
LOS ANGELES, CAL.

A LACK OF MANLY VIGOR

Whatever the cause, over-indulgence, indiscretion, dissipation or accident, if you give me your case I'll get right down to the cause at once; begin to build you up on real rational lines.

I'll soon have you a normal, healthy man. Soon have you strong and vigorous as Nature intended you should be. It is hardly possible for your case to be worse than thousands I have cured—completely.

Consult me without charge and I will outline a course of treatment that I am sure will cure you, and tell you the cost. No matter how small my fee, it includes all medicines free. I have cured diseases and complaints of men—an expert in those diseases.

You can safely trust me with your case for a speedy, certain cure.

DR. MORTON
Hours 9-4, 7-8. Sundays 9-12.
316 So. Broadway, Los Angeles

Men, Do You Know Why You Fail?

Are you as successful as your neighbor? Isn't there some vital weakness holding you down which prevents you from reaching the top? You're irritable, nervous, despondent, gloomy and haven't got stand enough to decide on anything when decisions are most needed. You are going back and forth the time as the reason, while the other fellow is going ahead. Now, stop and think. There must be some reason for it and there is. You have some vital weakness and are losing your strength faster than nature is able to replace it. Consequently you are wearing out gradually owing to this drain on your vitality, and you can never be better until this is stopped.

Don't Fool Yourself
Into thinking that any such condition as this will wear off, as a great many have done to their sorrow, for it won't. There is a break in your physical make-up and it has got to be mended, and the only way to do this by a correct mode of scientific treatment.

My system of treatment for the cause of this condition, which are principally VARICOCELE, NERVOUS DEBILITY, caused by dissipation or a violation of the laws of nature, is the most perfect and positive, and cures when everything else fails. It is the direct result of my thirty-five years' experience in treating men's diseases only.

If It's Neuralgia

and those sharp, shooting, agonizing pains drive you almost crazy, take Dr. Miles' Anti-Pain Pills, and get relief. They drive out the pain by their soothing effect upon the nerves. When taken as directed they are harmless, and leave no bad after-effects. That's the reason they are so popular with all who use them. Your druggist can tell you what others in your locality think of them.

"I do positively think that Dr. Miles' Anti-Pain Pills are the best medicine ever put on the market. I am them so restful and soothing, and without any bad after-effects. I have suffered with neuralgia in the head and system would just ache and quiver, and I cannot take opiates, but I can take these tablets, and they always relieve me. No one that suffers with neuralgia need fear to take them. I know they will not form a habit, for if there was any opiate in them I could not take them. I have taken them when I feel bad, and I can do so again."

MRS. W. H. BURKETT, Macon, Ga.
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the package will be sent. If it fails, he will return your money. Do not be deceived. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

CALABAR GRAINS (COMPOUND) FOR CONSTIPATION

Calabar Grains are made from the prescription of a skillful and prominent physician and they have been found the same prescription and in the same "Apple Sassa" form for forty years.

Calabar Grains correct the minor ills of everybody by toning up the Stomach, Liver, Intestines and Nervous System, to perform naturally their functions of Digestion, Assimilation and Excretion.

Among the so-called minor ills are indigestion, biliousness, constipation, sick headache, acidity, flatulence and impure blood.

The mild but thorough action of Calabar Grains makes them particularly beneficial to Women, who suffer from constipation and irregularities of the system. CALABAR GRAINS CO., MARIETTA, OHIO. For sale by J. V. Akey 4400 Central Ave.

Yesterday's Forecast and Report.

U. S. WEATHER BUREAU, Los Angeles, Aug. 27.—(Reported by A. R. Wolcott, Local Forecaster.) At 5 o'clock a.m. the barometer registered 30.0; at 1 p.m. 29.8. Thermometer for the corresponding hours 65 deg. and 86 deg. Relative humidity, 5 a.m., 55 per cent; 5 p.m., 65 per cent. Wind, 5 a.m., north, velocity 5 miles; 5 p.m., southwest, velocity 15 miles. Maximum temperature, 77 deg.; minimum, 60 deg. Barometer reduced to sea level. Weather conditions.—There has been a general decrease in pressure on the South Pacific side during the last forty-eight hours, and a depression of considerable magnitude now over the Southwest, extending eastward to the Mississippi River, thence northward to the upper lake region. This depression has caused more than the usual amount of cloudiness in Southern California, and light showers in Arizona, New Mexico, Western Texas, Colorado, Wyoming, the Dakotas, Montana and the intermountain region of the Northwest. The weather in Los Angeles and vicinity will be generally fair tonight and Wednesday, but owing to the depression to the east, more or less cloudy weather may be looked for.

Forecast.—Local forecast for Los Angeles and vicinity: Generally fair weather tonight and Wednesday, with some cloudiness; winds westerly.

RAIN FRONTS.—Aug. 27.—The pressure has risen in California, with cloudiness over the northern portion of the State, and general rain showers are such that showers may occur in the Sierra and in the foothills. High north winds prevail along the coast from Point Reyes to Eureka. Forecast: San Joaquin Valley: Fair Wednesday, except possibly showers in the mountains; light west wind. Los Angeles and vicinity: Fair Wednesday; light west wind.

TUMAS (U. S. Geological Survey.) Gauge height Colorado River, 20.30 feet; yesterday, 20.20 feet.

BUSINESS.

FINANCIAL AND COMMERCIAL OFFICE OF THE TIMES.

Los Angeles, Aug. 28, 1930.

BANK CLEARING.—Bank clearings yesterday were \$1,434,702.37 for the corresponding day of 1929, \$1,401,147.40 for the same day of 1928, and \$1,401,147.40 for the same day of 1927.

Following are the five banks with the largest clearing yesterday:

First National Bank, \$1,434,702.37; Los Angeles National Bank, \$1,401,147.40; Commercial Bank, \$1,401,147.40; Farmers & Merchants Bank, \$1,401,147.40; and Western Union Bank, \$1,401,147.40.

timed dull in the hour and there was little news to influence the market. Prices, however, after falling down to near low levels for some of the more important issues, recovered gradually. The feature of the trading was a sharp advance in Canadian Pacific, which rose from 16 1/2 to 17 1/2 on small transactions. The industrial field was most of the stocks recovered part of their extreme losses, but there did not seem to be any interest in the trading.

IN TALL TIMBER.

GIRL READY?
THEN MARRY.Don't Wait for Lumber to
Drop in Price.Experts State It Won't Be
Cheaper in Hurry.Imperial People Desert Huts
for Cottages.

"Lumber will not be cheaper in this market for a long time to come," said Joseph E. Culver, head of the Culver Lumber Company, of this city, yesterday. "I look for a marked increase of business, but it will be on practically the same basis that now prevails, both as regards the wholesale and retail firms."

Mr. Culver has just returned from a six weeks' trip through the great lumber region of the Northwest, during which he visited all the principal lumber camps and many of the smaller ones. His itinerary included points from Portland to Vancouver and Victoria, and he spent considerable time at Willapa and Grays harbors, and on the Columbia River.

"My general investigation," said the lumber man, "showed that prices are well maintained. The mill men are paying from \$8 to \$12 a 1000 feet for the logs, and it costs from \$2 to \$3 a 1000 feet to turn the logs into lumber. Vessels can now be chartered at the rate of from \$4 to \$5 a 1000 feet to take cargoes to San Francisco, and at a correspondingly higher rate for Los Angeles points."

"Thus it is easy to see that a base rate of \$17 at San Pedro is actually the lowest point the business will stand. There is small likelihood of any cut or rise in the shipping rates. A number of the sailing vessels, which formerly were in the lumber-carrying business on the Coast, have gone to Australia for cargoes of coal for this country, so they are now eliminated from the situation. Several new steam vessels, however, have entered the coastwise trade."

"It is true that at some of the smaller mills up north I found concerns which could quote prices on some classes of lumber at a lower rate than the big mills; but they were unable to fill extensive orders, and therefore they will cut little figure in the general prices."

REDWOOD IS POPULAR.

The lumber merchant says there is an increased demand for redwood lumber in Los Angeles and Southern California markets. He further states that the northern mills are making considerable shipments to Mexico, South America and Panama.

When local railroad ties reached the price of 75 cents each, the railroad companies contracted for ties from China and Japan at 60 cents. These shipments are arriving, and must be accepted, although Coast ties are now cheaper.

A large demand is springing up for lumber in the mining districts of Arizona and Utah. Nearly every stick of this comes from San Pedro. It is said Arizona forests are so depleted that the mining regions in a short time will have to depend entirely on Southern California for supplies. The demands for lumber in the Imperial Valley are also showing a marked increase, and several large shipments have been made in that direction the past week. People in that region, who have been living in tents and shacks, have realized the price of lumber, and are building permanent homes.

LUMBERMEN FLOCK HERE.

Los Angeles has been visited by many northern lumber merchants, during the summer, who have combined business with pleasure.

At the present time James Glichter, owner of the Soldier Valley Lumber Company, which operates mills in Washington, is in the city. Another visitor is George Birge, manager of the Lumber Manufacturers' Association's mills at Centralia, Wash.

Grant Hughes, of the Hughes Manufacturing Company of this city, started last evening on a trip which will include Seattle, Portland, Tacoma and other lumber points of the Northwest.

INTERNATIONAL LOVE FEAST.

BANQUET TO A
NOTED JAPANESE.

SONS OF THE MIKADO HONOR A
FELLOW-COUNTRYMAN.

Commissioner Ishii, of the Department of Commerce of Nippon, the Guest at an Elaborate Function at the Alexandria-Thinks Industrial Freedom City's Greatest Asset.

"Any community in which one class predominates is to be pitied. Likewise, any community in which one class is dominant, but where all are equal is to be congratulated. Where the will of the citizens of a city is subjugated to the desire of a few no good can come."

These were the words in which His Excellency, K. Ishii, of the Department of Commerce of Japan, introduced his remarks at a banquet given last night, in which he took occasion to poke a sharp stick at the labor-union domination of San Francisco.

"I think that America is not intended to contain a city in which one small class successfully dominates the will of all other classes," Ishii said, "I congratulate Los Angeles on not having one class dominating its welfare, but being a city where all classes have a voice in government, which is the true representative government."

The banquet last night was an unusually elaborate affair given by the more prominent Japanese citizens of Los Angeles to their distinguished guest. The banquet hall of the Alexandria-Thinks Industrial Freedom City was beautifully decorated. In the center of the long table two great bronze eagles stood facing each other. At one end fifty thousand carnations had been woven into a design of the American flag and at the other end an equal number had been made to display the flag of Japan.

About the edges of the design brilliant electric lights flashed. On the walls and ceiling the colors of America and Japan were displayed both in electric lights and in bunting—all entwined. The menu was surpassing, and displayed an acme of achievement seldom equaled in Los Angeles.

About forty-five guests were present

WHAT OTHERS ADVERTISE, WE SELL FOR LESS.

69c
